

Being a column in which the publisher just "blows off the steam."

By Willard Jones

A CONTRACT JOB under way in Hamlin has its interesting sidelights. One aspect of jollity has been created by the posting of a bulletin that reads something like this:

Bulletin to all Employees. Subject: Death of Employee. It has been brought to our attention that many employees are dying and refuse to fall over after they are dead. This must stop!

On and after October 20, 1956, any employee found standing up after he has died will be dropped from the payroll within 90 days. When it can be proved that the employee is being supported by a post, an additional 90 days will be granted. If, after several hours, it is noticed that an employee has not moved or changed position, the supervisor will investigate because of the highly sensitive nature of our employees and the close resemblance between death and their natural working attitude. The investigation will be made quietly so as not to disturb the employee if he is only sleeping.

Supervisor's Note: If some doubt exists as to the true condition of the employee, extending a pay envelope is a fine test. If the employee does not reach for it it may be assumed that he is dead. In some cases the instinct is so strongly developed, however, that a spasmodic clutch or reflect may be encountered.

A HAMLIN WOMAN, beginning to worry about her advancing age and failing color of her hair, is reported to have been quizzical, like this:

"Will you love me when my hair is gray?"

She asked him with a sigh. "I've loved you through six other hues."

Then came his quick reply.

THE SLATON SLATONITE has taken notice of the growing apathy in this country about voting, and has these remarks to remark:

Usually less than 60 per cent of eligible voters take part in a presidential election.

The other 40 per cent would rather spend four years griping than 10 minutes voting.

SOMEbody who had little more to do than check up on a lot of geography comes up with the names of these weather-wise towns:

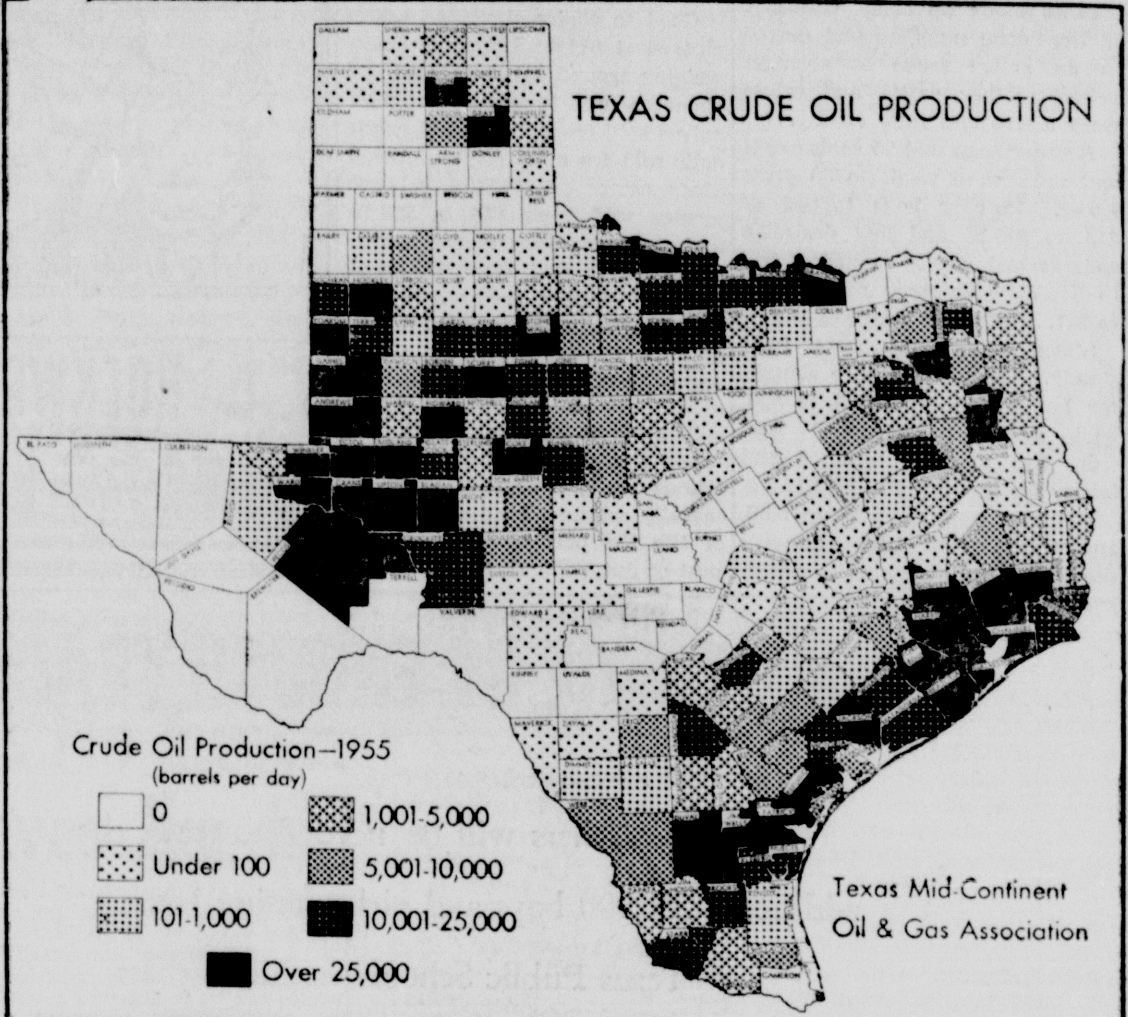

Frost, Texas; Weathers, Arkansas; Rains, South Carolina; Mist, Oregon; Chilly, Idaho; Hurricane, Alabama; Hail, Kentucky; Snow, Oklahoma; Mud, West Virginia; Cyclone, Missouri.

CONTRIBUTING a thought provoking column to a popular weekly magazine, Rev. A. Purnell Bailey writes:

Get to the root of your trouble if you would rid yourself of it.

A member of our parish tells me of a lesson she learned on the farm when she was a small girl. Her dad would give her chores to do along with her brothers. One of those jobs was hoeing grass in the corn field.

Sometimes, she admitted, she would do a rather shoddy job and would simply cut off the top of the grass.

Crude Oil Production—1955 (barrels per day)

OIL PRODUCTION IN JONES, FISHER AND STONEWALL COUNTIES continues to held up to rank them among the leaders of the state of Texas, according to the map just released (above) by the Texas Mid-Continent Oil & Gas Association. Importance of the revenues from oil and gas are felt in the general economy of the section in which the agricultural revenues have been cut in the recent years of drought.

Addition to Hamlin Hospital Looms as Possibility Again

Loan Company Calls for More Data on Hospital

Prospects of financing the proposed \$60,000 wing to the Hamlin Memorial Hospital loomed bright this week, it was announced by President W. L. Fletcher Jr. of the hospital association, when the loan company through which the hospital has done financing before asked for reopening of negotiations toward making the loan.

Several weeks ago, when plans were submitted for a \$60,000 expansion program, plus assumption of a \$15,000 current indebtedness, the loan company temporarily turned down the \$75,000 loan because of "tight" money conditions. An official of the firm last week-end asked for new data and declared that he thought his concern would now make the loan.

Plans call for the construction of an east wing to the \$125,000 building of the Hamlin Memorial Hospital. The wing would include new offices and clinical equipment and rooms for the doctors who headquarters there. Their present offices would be converted into new patient rooms that would relieve a shortage that exists now during peak periods at the institution, Fletcher declares.

Their present offices would be converted into new patient rooms that would relieve a shortage that exists now during peak periods at the institution, Fletcher declares.

ADDRESSES GOP RALLY—Governor Allan Shivers gestures as he addresses a GOP rally in Nashville, Tennessee, where he accused Adlai Stevenson of "playing politics with the future security of the nation."

MUCH TOO LATE. The second floor tenant called the party living below and shouted, "If you don't stop playing that blasted saxophone, I'll go crazy!" "I guess it's too late," came the reply. "I stopped an hour ago."

Hamlin Young People Collect CROP Gifts Hallowe'en Instead of Treats

Scores of Hamlin young people represented in practically all the churches of the city, were due to celebrate Hallowe'en this year on behalf of others. They were joining more than 30,000 church youth in at least 200 Texas communities in the gesture of friendliness and thoughtfulness. This was announced in Austin by John Gillies, Texas director of the Christian Rural Overseas Program.

The young people were to collect for CROP, instead of "tricks or treats" for themselves. CROP, the food and fiber program of Church World Service (relief agency of 35 Protestant denominations), will use the collected funds to distribute surplus food in 25 world areas of need.

Currently available to Church World Service from government surplus stocks are non-fat powdered milk, cheese, corn, rice and wheat. Surplus food this year can be distributed at a cost of less than a penny a pound—100 pounds for a dollar or one ton for \$20!

Food will go to earthquake victims in Greece, Arab refugees in the Near East (thousands of whom do not have official UN ration cards), flooded areas of India, and refugee centers in Hong Kong, Taiwan and Korea. Other hunger areas in Asia, the Caribbean, Africa and Latin America will receive help.

The Texas "panhandlers" for CROP will be identified. Groups giving their assistance and support to the youth are councils of United Church Women, Texas Christian Youth Council, ministers associations, service clubs and Jaycees. After their canvass the youth will meet together in a traditional Hallowe'en party, made possible by local churches.

CROP shipments of food and fiber are distributed exclusively through missionaries or church agencies overseas, without question as to race, nationality or creed. Texas CROP headquarters are located at 504 West 24th Street in Austin.

Contract Awarded For New East-West FM Area Highway

Another highway construction job in Jones County was put on the active list this week with the awarding of contract, according to a release from the Texas Highway Department.

Contract for the construction of grading, structures, base and surfacing on Farm-to-Market Road 1636 and 1597 in Northeastern Jones County was awarded in Austin, J. C. Roberts, district highway engineer at Abilene, has announced.

The firm of Ned B. Hoffman of Fort Worth submitted the low bid of \$179,278.51 on the project, which runs from U. S. Highway 83 east of U. S. 277 and from FM Road 1193 east to Lueders, a distance of 15.2 miles.

Resident Engineer A. L. McKee of Anson will be in charge of the project for the highway department, and it is estimated that the work will take 110 days to complete.

Duty then is the sublimest word in our language. Do your duty in all things. You cannot do more. You should never wish to do less. —Robert E. Lee.

Better-Than-Usual Interest in Tuesday Election Being Shown

W. L. Fletcher Jr. Renamed Head of Hospital Group

W. L. Fletcher Jr. was reelected president of the Hamlin Memorial Hospital Association at the reorganization meeting of directors following the annual stockholders' meeting Sunday week at the Hamlin High School.

Other officers reelected at the session were: C. E. Gregory, vice president; and J. E. Patterson, secretary.

Financial report made by Secretary-Treasurer J. E. Patterson showed a splendid year of operation just closed. The report included auditing financial statements for the past year. A net capital gain of \$9,658.96 was reported for the year. A condensed financial statement of the hospital is carried on page three of today's Herald.

At the stockholders' meeting Alton Mayfield, M. S. Johnson and Ralph Riddle were reelected as directors. Holdover directors are F. W. Poe, C. E. Gregory, J. E. Patterson, J. C. Turner Jr., Raleigh Reynolds and W. L. Fletcher Jr.

A building committee was named to include Fletcher, Gregory and Johnson.

Reports on progress of the proposed building of an east wing to the hospital was made at the meeting. It was pointed out that hopes of getting started on the addition had been renewed with the reopening of negotiations with the loan company that has previously handled financing for the institution.

Abilene Airman Is Indicted for Rape of Hamlin Girl Oct. 22

Charles Cochran Jr. of Abilene Air Force Base was indicted for rape of a Hamlin girl in action this week by a Fisher County grand jury, and his trial set for the November term of court, according to Sheriff Bus Rollins of Fisher County.

The young airman was charged by parents of a 14-year-old Hamlin girl. The act was alleged to have been committed on the night of Monday, October 22, near the Hamlin West Lake, which is in Fisher County. Cochran was arrested at the Abilene Air Base by Sheriff Rollins on information by Police Chief Buddy Watson.

Another young man was originally charged in the complaint, but he was not indicted by the grand jury.

TEXAS TECH GETS FAMOUS BRAND—Mrs. Floyce Masterson, widow of Tom Masterson, long time director of Texas and Southwestern Cattle Raisers, looks at the imprint of the famous JY brand from the iron applied by Dr. Seymour V. Connor, Texas Tech architect. The brand and papers of the Masterson JY Ranch were given to Texas Tech for preservation by Mrs. Masterson. Both she and her husband were students at Tech in the mid-1930s, where they first met.

Pros and Cons of Amendments Given In Quick Run-Down by The Herald

Eight decisions on state policy will be squarely up to the voters of Texas next Tuesday. In addition to party candidates, eight proposed amendments to the state constitution will appear on the general election ballot.

Through a procedural slip-up, a ninth will be considered at a special election on November 13. Each amendment will be printed on the ballot twice—once preceded by "For" and once by "Against." Voters must mark out the statement they oppose and leave the other clear.

Gist of the amendments and arguments pro and con follows as an explanatory service by The Herald:

1. Authorizes the Legislature to compensate persons fined or imprisoned for crimes they did not commit. Pro: Would make amends for hardships unjustly imposed on the innocent. Con: Might open the door to numerous fraudulent claims.

2. Allows county Commissioners Courts to vary allocations of tax money without special elections. Pro: Greater flexibility would make for greater efficiency in county financial management. Con: Commissioners Courts would have too much authority.

3. Adds other colleges to the building program financed by the University of Texas permanent fund and authorizes investment of the fund in corporate stocks and bonds as well as government bonds. Pro: Would provide an increase in college building money without new taxes. Con: Risk involved in wider investments is not worth the possible return.

4. Increases the benefits of the teacher retirement system. Pro: Would attract more persons to the dwindling profession. Con: Would increase taxpayer obligations by \$4,500,000, take a large nick out of teachers' salaries.

5. Authorizes another \$100,000,000 bond issue for veterans' land buying. Pro: Program has been put in order, and additional money is needed to enable more veterans to participate. Con: Program does not merit public confidence; only about one per cent of Texas veterans have benefited.

6. Provides a different oath of office form for elective and appointive officials. Pro: Would clarify present inconsistencies. Con: Clutters constitution with minor details.

7. Requires competent medical or psychiatric testimony before commitment of a person to a mental institution and allows waiver of jury trial, except in criminal cases. Pro: A mentally ill person should be "convicted" as a criminal. Con: Jury trial is a safeguard against "railroading" of persons into mental institutions.

8. Permits judge to deny bail to persons convicted of two previous felonies. Pro: Would curb habitual criminals. Con: Right of bail is one of our fundamental civil rights.

9. Authorizes the Legislature to give aid with federal assistance to citizens permanently and totally disabled by a mental or physical handicap. Pro: State has a moral obligation to these needy persons. Con: Tie-in with federal program would lead to more federal encroachment.

It takes from 50 to 100 years to produce a tree large enough for lumber.

Attorney General—Will Wilson, Democratic; Leo Duran, Republican.

Associate Justice of Supreme Court, Place 1—Robert W. Calvert, Democratic; John Anthony, Constitution.

Railroad Commissioner—William Murray Jr., Democratic; Joseph Rummel, Constitution.

Comptroller of Public Accounts—Robert S. Calvert, Democratic; E. G. Brown, Constitution.

State Treasurer—Jesse James, Democratic; Bard Logan, Constitution.

State commissioner of agriculture—John C. White, Democratic; Samuel Singleton, Republican.

Do you want teachers for your children? ask official of the Hamlin Parent-Teacher Association, in an article submitted to The Herald in the interest of the proposed constitutional amendment to be voted on next Tuesday. The prepared article continues:

Many of you may be startled by the above question. The answer is quite obvious—of course, we want teachers for our children, but it's not that simple.

Our public school system, which is 30 years old in America and 102 years old in Texas, has rendered invaluable service. It has provided education for American citizenship, for leaders, and it has been the foundation for the democratic way of life, of which we as American citizens are justly proud.

A million and a half children per year are entering our nation's schools—but what about Texas? The increase of pupils in Texas is about 100,000 per year. At the same time Texas loses 5,000 to 7,000 teachers annually. In the next five years Texas will need more than 28,000 teachers to replace the group leaving each year and 15,000 teachers to teach the additional 300,000 boys and girls who will enter Texas schools within the next five years. Perhaps you are now asking, "Where and how will we get these teachers?"

The teaching profession must be strengthened. A teacher must feel security in his position. Many young men teachers who are good

Big 12x28-Inch Ballot Is Five Columns in Width

Better-than-usual interest is being manifested this week in the general election that is scheduled to attract hundreds more people of Jones County to the polls next Tuesday.

No doubt part of the interest in the election is being caused by some of the eight amendments to the Texas constitution that are tacked on the tail of the official candidate ballot. However, the presidential campaign has come in for its share of voter interest in recent weeks.

The ballot is a huge 12x28-inch affair that carries candidates' names in the four columns of the Democratic, Republican, Constitution and Independent parties, and a write-in column completes the bulky vote sheet.

At the bottom of the paper ballot will be the lengthy "for" and "against" descriptions of the eight amendments.

A ninth amendment will be voted on November 13 with a tiny four by seven inch ballot.

Here is the way the ballot will look in the contested races from president through state offices:

President and vice president—Adlai Stevenson and Estes Kefauver, Democratic; Dwight D. Eisenhower and Richard Nixon, Republican; Coleman Andrews and Thomas Werdel, Constitution.

Congressman-at-large—Martin Dies, Democratic; Fred Spangler, Constitution; William Bryant, Republican.

Attorney General—Will Wilson, Democratic; Leo Duran, Republican.

Associate Justice of Supreme Court, Place 1—Robert W. Calvert, Democratic; John Anthony, Constitution.

Railroad Commissioner—William Murray Jr., Democratic; Joseph Rummel, Constitution.

Comptroller of Public Accounts—Robert S. Calvert, Democratic; E. G. Brown, Constitution.

State Treasurer—Jesse James, Democratic; Bard Logan, Constitution.

State commissioner of agriculture—John C. White, Democratic; Samuel Singleton, Republican.

Parent-Teacher Association Urges Support of Retirement Amendment

Do you want teachers for your children? ask official of the Hamlin Parent-Teacher Association, in an article submitted to The Herald in the interest of the proposed constitutional amendment to be voted on next Tuesday. The prepared article continues:

Many of you may be startled by the above question. The answer is quite obvious—of course, we want teachers for our children, but it's not that simple.

Our public school system, which is 30 years old in America and 102 years old in Texas, has rendered invaluable service. It has provided education for American citizenship, for leaders, and it has been the foundation for the democratic way of life, of which we as American citizens are justly proud.

A million and a half children per year are entering our nation's schools—but what about Texas? The increase of pupils in Texas is about 100,000 per year. At the same time Texas loses 5,000 to 7,000 teachers annually. In the next five years Texas will need more than 28,000 teachers to replace the group leaving each year and 15,000 teachers to teach the additional 300,000 boys and girls who will enter Texas schools within the next five years. Perhaps you are now asking, "Where and how will we get these teachers?"

The teaching profession must be strengthened. A teacher must feel security in his position. Many young men teachers who are good

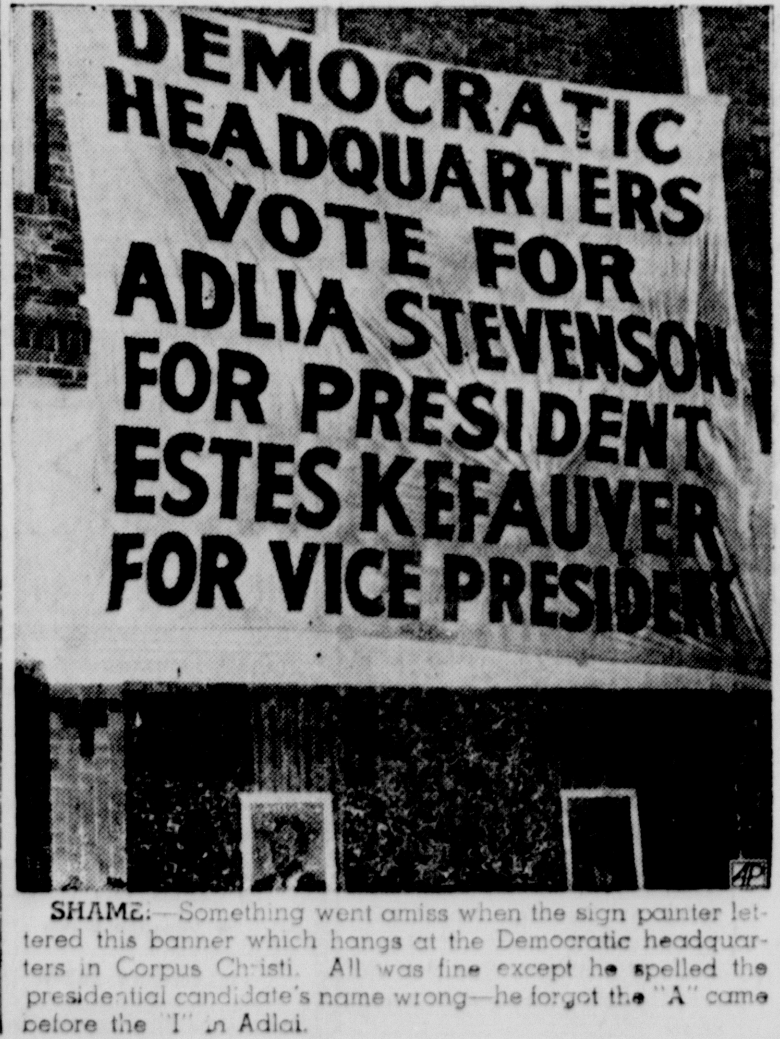

teachers, and want to teach, are leaving the profession because they have no survivors' protection for their families. Teachers must receive salaries in sufficient amounts to maintain a comfortable and dignified mode of living.

Mr. Citizen, you now have an opportunity to assist in providing some of these securities. You can vote for amendment No. 4 on the ballot of the November 6 election. This amendment provides for the revision of the present Texas teacher retirement system.

Teachers are asking the right to increase their own retirement contributions, and the state will match the deposits of the teachers. The improved system will provide disability benefits as well as providing a minimum retirement benefit of \$100 for any teacher now retired or coming into retirement with 20 years' service and attaining the age of 60. This amendment represents the economical approach to solving the problem of teacher shortage.

The Parent-Teacher Association has an important role in the provision of this important program, says Mrs. John D. Ferguson, president of the Hamlin unit. It is most positively expressed in the third object, "To secure adequate laws for the care and protection of children and youth."

Your Hamlin P-TA urges you to go to the polls on November 6 and vote for amendment No. 4.

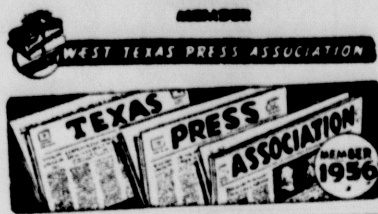

SHAME.—Something went amiss when the sign painter lettered this banner which hangs at the Democratic headquarters in Corpus Christi. All was fine except he spelled the presidential candidate's name wrong—he forgot the "A" came before the "I" in Adlai.

KNOW YOUR CANDIDATES AND VOTE NOVEMBER 6

Almost all eligible voters in Russia and other socialist countries cast their ballot on election day despite the fact that they have no choice of candidates. In this country, where we are proud of our freedom, few more than 60 per cent of the people take the trouble to go to the polls on election day.

Russia is a dictatorship, we in the United States are not only free to vote, but free to choose our candidates. Some people in this country urge the Russian compulsory voting system as an answer to our decreasing interest in good citizenship. They forget that it is a short step from compulsion in voting to dictation of the voter's choice.

At the same time, all of us should be concerned at the decline in interest in the affairs of government evidenced by the neglect by so many folks of their voting privilege.

Good government can come only as the majority choice of candidates is based on widespread knowledge of and interest in both the candidates and the issues involved. Machine politics thrives on voter apathy and uninformed voters. The demonstrated evils of corrupt political machines have often been the forerunner of various forms of dictatorship in other countries.

The socialism of Europe made its greatest progress during the periods of voter indifference to candidates and the policies they advocated.

The socialist planners then, as in this country today, fostered class hatred and appealed to selfish motives with the promise that government could solve all economic problems.

In the current campaign there are many opportunities for voters to choose between candidates with varying degrees of competence and who support widely differing policies. Judging from public statements already made there are many candidates who would favor policies that would socialize agriculture through price fixing or by placing farmers on the government payroll.

There is a wide difference between the party platforms and between the statements of candidates within the two major parties on several issues dealing with the extension of federal government control of individuals. No citizen needs be uninformed or confused in voting. The record is clear for all who will take the time to listen or read.

Voting is more than an obligation—it is a thrilling and challenging opportunity for those who study the issues and the candidates. Take time to know the candidates and the issues, and be sure to show at the polls on November 6.

Teachers Need Retirement

Some Texas teachers retired under the state's present teacher retirement program receive pension payments of only \$20.87 per month. Some teachers now in the classroom but facing retirement within a few years can look forward under the present program to pensions of not more than \$50 a month. Either amount, in this day of high prices, is a pittance.

The reason for this penuriousness is that the retirement plan is based on the concepts of a day long past. Even in 1937, when the program was adopted, it was a modest one. It remains one of the few pension plans that has not been changed, updated and improved. Low earnings of teachers during the depression years are reflected in the low benefits received by a teacher retiring today. Teachers compelled to quit because of physical disability before they have the years and the service required to qualify for pensions are entitled to nothing under the existing plan.

The liberalization of this inadequate retirement system is the objective of one of the constitutional amendments that will be on the November 6 ballot in Texas. The new plan, for which enabling legislation already has been passed, provides for the teachers to contribute a larger part of their pay toward the fund for their retirement, and for the state to match this increased amount. This tentative law provides a minimum benefit of \$100 a month for the teacher who retires at age 60 after 20 years of creditable service or at age 65 after 10 years of creditable service. Lesser benefits are provided for those who retire at 55 after 15 years of service or at any age after 30 years of service. Lesser benefits also are provided for other school employees than teachers. Likewise, the amount received by those already retired would be increased.

Few teachers reach retirement age without having someone dependent upon them. The new plan would provide death benefits and payments to survivors—something the present system does not include.

All this will cost the state money, just as it will cost the teachers money. The estimate is that the immediate cost to the state will be some \$4,500,000 a year. As the number of teachers increases, the contribution required of the state will increase.

We believe it is worth it. Like all states, Texas has the problem of recruiting more and more teachers and building more and more classrooms to take care of the swelling school population—Fort Worth Star-Telegram.

People's Capitalism!

More and more Americans are putting a part of their savings in shares in our corporations—and the trend is particularly marked among people of modest means, and in the smaller communities of the country.

These are highlights from the New York Stock Exchange's new 1956 census of share-owners, based on a nation-wide study of 4,600 corporations and a survey of the adult population.

In the past four years the number of people owning shares in those corporations has jumped 33 per cent, to a total of 8,630,000. Two-thirds of the share-owners have incomes of less than \$7,500 a year. Women outnumber men share-owners by a narrow margin. The greatest growth in share-ownership has taken place in communities with populations of from 2,500 to 25,000.

A particularly significant fact is that the median income of today's share-owner is \$6,200, as against \$7,100 in 1952. Families in modest circumstances clearly have a very different attitude toward stock than did their equivalents in past times.

Keith Funston, president of the exchange, said: "The nation can take tremendous satisfaction in the great progress made in the last few years in broadening share-ownership and creating a 'people's capitalism.' This provides excellent evidence to send abroad about the real meaning of the most successful economic system ever devised." If the news ever reaches the oppressed, poverty-stricken masses in the Iron Curtain countries, the dictators will have something to worry about.

Things Haven't Changed

"Let us beware of being lulled into a dangerous security; and of being weakened by internal contentions and divisions; of neglect in military exercises and discipline, and in providing store of arms and munitions of war; for the expenses required to prevent a war are much lighter than those that will, if not prevented, be necessary to maintain it."

These words could have been spoken yesterday. Actually they are the words of Benjamin Franklin, and they were uttered in the year 1784. In all the intervening years man has accomplished many things, but as yet he has not discovered how to live with his fellow man.

The best way to get rid of worries is to let them die of neglect.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper. The Herald.

TWENTY YEARS AGO.

Among news events recorded in the Hamlin community of 20 years ago were the following, reproduced from the issue of The Hamlin Herald dated October 30, 1936:

General election ballots have been received for next Tuesday's election. It is eight counties wide and 22 inches long.

Home-making department at Hamlin High School has elected officers for the ensuing year as follows: Katherine Gardner, president; Billye Gene Howington, vice president; Mary Lou Bailey, secretary; Callie Jo Bailey, treasurer; and Juanita Flenniken, reporter.

A special train is being run by the Katy Railway to the Dallas Centennial on November 6. Being made up at Rotan, it will pick up children at Rotan, Hamlin, Stamford and Albany. The train will park near the Centennial grounds until Saturday morning, when it will make the return trip.

Mrs. Clarence C. Renfro, 18-year-old Hamlin woman, who was recently seriously injured in an auto wreck, is recovering. She was returned from an Abilene hospital Saturday. Her prematurely born baby is in an incubator at the hospital.

Members of the junior class of Hamlin High School are staging a Halloween Carnival Saturday night.

TEN YEARS AGO.

Happenings in the Hamlin community 10 years ago included the following, reproduced from the issue of The Hamlin Herald dated November 1, 1946:

Cotton farmers of the Hamlin section and elsewhere over the country were stymied this week by the closing of cotton markets of the world, thereby shutting off markets for their cotton. Cotton futures dropped as much as \$10 per bale.

Most of the winter wheat in this region has been drilled in, following ideal weather conditions of the past several weeks. An estimated 10,000 acres in the section has been seeded.

Hamlin Future Farmers of America boys last week took a major share of the awards at the annual Stamford Livestock Show. Elton Brigham's Jersey topped the show for the grand championship.

Opening of the new Hamlin-McCauley highway all the way to the Santa Fe overpass a mile south of Hamlin signalled the opening of a new segment of good highway system for the area.

FIVE YEARS AGO.

Among news items of interest in the Hamlin community five years ago were the following, reprinted from the issue of The Hamlin Herald dated November 2, 1951:

Showers this week measured 1.88 inches, according to the government weather reporter, Bill Rountree. The rain, long overdue, will put needed moisture in the ground that will benefit wheat for the winter.

W. S. Morton, rancher living nearby, and Mrs. Don Loving sustained painful burns Monday afternoon while trying to recover household effects from the Loving home that was completely destroyed by fire.

Through Wednesday cotton ginnings at Hamlin totaled 3,195 bales for the season.

C. L. Howard, Hamlin druggist, paid off a coffee wager to Gene Sanders, manager of the Safeway store, this week, when his daughter, Debra Sue, arrived two days before a daughter for the Sanders.

Hamlin's population showed a gain of five to make it 3,569 when official census figures were released this week by the Census Department. Anson's total was 2,708.

ONE YEAR AGO.

News items of interest in the Hamlin community one year ago included the following, reprinted from the issue of The Hamlin Herald dated November 4, 1955:

Experiments with salt water on the streets of Hamlin is proving successful, declare city officials.

Hamlin FFA boys are expected to offer stiff competition in the district contests for area youngsters November 5 at Abilene, say the local instructors, T. C. Blankinship and Harold V. Eades.

First annual flower show of the Hamlin Garden Club, staged Saturday at the high school cafeteria, attracted scores of Hamlin community people. The club unit plans to make the show an annual affair.

Lower Prices for Livestock Highlight Market at Fort Worth First of Week

Fed steers and yearlings were slow and weak at Fort Worth again Monday, most bids being around 50 cents or more lower, according to the weekly market report of Ted Gouldy, special reporter for The Herald. His release continues:

Cows made up about one-third of the cattle numbers and moved in an active trade at stronger prices. Other cattle and calves were active and lively steady.

Butcher hogs sold 25 cents lower and sows were weak to 50 cents lower. Butcher hogs topped at \$15 to \$15.25 and less desirable weights and grades cashed at \$11 to \$14.75, with some pigs at \$10 to \$11. Sows sold from \$12 to \$14.

Sheep and lambs were fully steady. Good and choice slaughter lambs sold from \$18 to \$20, while cull to medium sorts sold from \$10 to \$17. Stocker and feeder lambs drew \$13 to \$17.

Fat ewes sold from \$5 to \$5.50, and others cashed at \$3 to \$5 with the lower end of the price range

on fresh shorn kinds. Old weathers drew \$8 to \$12.

Good and choice slaughter steers and yearlings drew \$16 to \$23.50 and common and medium offerings sold from \$10 to \$16. Fat cows cashed at \$10 to \$12.50, and canners and cutters drew \$6.50 to \$10. Bulls sold from \$8 to \$12 a few higher.

Good to choice slaughter calves cleared at \$14 to \$18, some heavy weights around 600 pounds to \$19. Common and medium slaughter calves sold from \$10 to \$14, while culls sold from \$8 to \$9. Stocker steer calves of medium to good grades sold from \$14 to \$18.50, and steer yearlings of medium to good grades sold from \$13.50 to \$17.50. Stocker cows cashed at \$7 to \$9.50. Stocker heifers and heifer calves averaged \$2 to \$3 under similar stocker steer calves.

There is no mean work save that which is sordidly selfish; no irregular work, save that which is morally wrong; in every sphere of life the post of honor is the post of duty.—E. H. Chapin.

Dee Davis Arrested For Liquor Possession

Dee Davis, Hamlin colored man who has been arrested several times previously on liquor possession charges, was taken in a raid conducted Saturday night by

Sheriff Dave Reeves. He had in his possession two points of whiskey. Davis is awaiting trial in Jones County court at Anson.

Many a man who wins a girl's heart later find himself under her thumb.

Eighth-Three Elementary Students Make Honor Roll for First Six-Weeks

Forty-nine students of the fifth grade made the first six-week honor roll of the Hamlin Elementary School, released this week by Odan Murphree, principal. Thirty-four from the fourth grade made the honored list.

The complete honor roll as released by Miss Murphree follows:

Fourth Grade: All As—Connie Jo Duncan, Paula Kim, Margaret Fenfro, Gary Cauble, Holman Jones, Mike Shivers, Jackie Townley, Mary Ann Elkins, Mary Margaret Turner, Carolyn Reynolds, Carolyn Reynolds, Mary Lois Peterson, Christy Wallace, Stanley Smith, Nancy Ford, Elizabeth Cunningham, David Drummond, Beverly Robertson and Johnny Coleman; All As and Bs—Carol Lee, Teresa Martinez, Larry Don Lee, Allen Cumbie, Melba Scott, Clifford Sharer, Royce Stone, Lennie Foster, Pat Batchelor, Herman Daniel, Michael Sappington, Larry Farnsworth, Linda Scott, George Smith and Jimmy Wainscott.

Fifth Grade: All As—Jaylon Fincannon, Jimmy Inzer, Diane Ford, Charles Siburt, Joyce Smith,

Jesse Goolsby, Marlene Baize, Dewayne Bundas, Cherry Criswell, Barbara Embrey, Shirley Farnsworth, Kathleen Hallmark, Kay McCoy, Cleon Warner, Candace Thompson, Marsha Goodgame, Barbara Lakey and Carson Knabel; all As and Bs—Cheryl Adams, Freddie Shave, Teresa Josey, Lengna Brown, Ann Johnson, Sue Johnson, Lynn Ann Miller, Ronnie Sipe, Nada Hassen, Ginger Kidd, Judy Fitzgerald, Mary Fitzgerald, Gary Ted Jay, Nick Moore, Lynn Ray Sturrock, Larry Butler, Joe Hayes, Rose Lovell, Barbara Neves, Clifton Fritchard, Roy Don Houghton, Tommy Robertson, Phyllis Scarborough, Rita Coker, David Bingham, Ronnie Teichelmann, Portia Long, Polly Jackson, Jeff Willis and Cheryl Brown.

One reason ignorance is bliss is that it's human nature to be proud of not knowing something than of knowing it.

Another worthy theory is that they're called dog days because they are something that shouldn't happen to a dog.

MISS WOOL—Earlene Whitt (above) of Austin, 20-year-old University of Texas senior, was named Miss Wool at San Angelo at the annual wool pageant last week. The blond beauty received a \$4,000 wardrobe and the job of representing the industry along with the title.

Stamford Man Will Speak at Thursday Gathering of P-TA

John Brown of Stamford, former Parent-Teacher Association president and who is well versed in P-TA work, will be featured speaker when the Hamlin Elementary Parent-Teacher Association meets in regular monthly session this (Thursday) afternoon at 3:45 o'clock at the Primary School cafeteria.

Program topic is "We, the People, Give Thanks for Our Schools." Invocation will be given by Rev. Bill Hanna, pastor of the Church of the Nazarene. Second grade pupils, directed by Mrs. Nash Miers, will furnish the entertainment. Mrs. Gene Prewitt will give the thought for the day.

This is an outstanding program, declare P-TA officials, and all parents and teachers are invited to attend.

A nursery is provided for the children by Mrs. J. E. McCoy's Camp Fire Girls group.

Joe Foster Member of UT Scout Fraternity

Joe C. Foster, University of Texas student from Hamlin, is a new member of Alpha Phi Omega, national service fraternity for former Boy Scouts, according to a release from Austin to The Herald.

Foster, a senior mechanical engineering student, is the son of Mr. and Mrs. E. B. Foster, 711 Central Avenue. He is a member of the student chapter of the American Society of Mechanical Engineers.

More People Are Urged to Join GOC Group at Hamlin

More people who are interested in the safety and welfare of their community and country are being urged this week to attend another in a series of training sessions of the Ground Observer Corps, scheduled this (Thursday) evening at the Hamlin fire station.

The recently organized unit of the GOC, designed to cooperate in the national movement for spotting and reporting possible enemy planes, does not have a representative group of citizens, declares James Josey, chairman of the local unit.

Directing the Thursday meeting training course will be Sergeant Alfred Buchalter of the Dallas filter center of the Civil Defense Organization. He will talk and show a film on purposes of the Ground Observer Corps.

Women of the community are asked to participate in the movement along with the men, Josey says. All members of the Hamlin Volunteer Fire Department have volunteered for service in the unit, but more people are needed to train in case of an emergency.

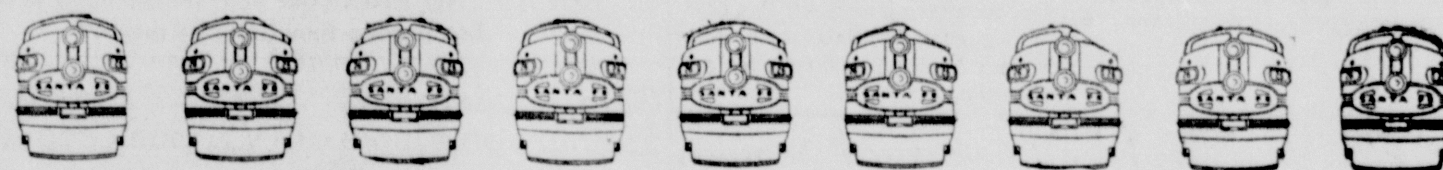

Buchalter said the Hamlin unit will take part in a regional practice "alert" to be conducted by the Dallas area late in November. Imaginary enemy planes will be flown over the entire region, and practice reports will be filed by GOC units over the territory.

A man is planning to swim the English Channel both ways in one day while handcuffed. There must be more pleasant ways of spending a day.

Tex Says He's No Expert But He Believes Ike Is

The other night a bunch of us were sitting around in the drug store after the football game, drinking coffee and talking. You know how it is after a game in a small town, especially after the home team loses. Nearly every man in the crowd had a theory as to why we didn't win the game. Most of them, of course, blamed the coach. I couldn't help remembering that before we consolidated the county schools we didn't even have enough boys to make up a football team. And these same football experts who were saying what Rockne or Bud Wilkinson would have done, up until a few years ago they didn't know a football from a watermelon.

But that's the way it is in a small town (and in big ones, too, I understand). I guess there's no real harm done, although sometimes it's pretty rough on the coach.

I guess we have a right, in this free country, to be self-appointed experts in any line we want to pick out. It seems to me that most people choose either football or politics.

Take this presidential election coming up next Tuesday: During the last few weeks I have heard so many stories and theories from so many different political experts that I nearly get confused sometimes. I have to stop and think that the fellow who is talking probably doesn't know any more about it than I do, and that helps me keep straightened out.

In fact, I guess I have had my mind made up all along. To make no bones about it, I like Ike. He's a man you can always look up to and respect—the kind of

man you'd be proud to point out to any person, from any country on the face of the globe, and say: "That's our President!"

About Adlai, now, I'm not so sure. Of course, if he was elected, he would be my President, too, and I would hope he'd do a lot better than most people around here seem to think he would. This is something I don't think we need to worry about, because from all I can hear and read, Ike is going to win it again.

It seems to me that if Adlai ever had a chance around here, he threw it away when he came out with that H-bomb business. Now, the folks in our town don't know much about H-bombs, except that they don't want any personal dealings with them. Our scientific knowledge of H-bombs is about on a par with our football knowledge, I reckon. But we do know one thing: We don't want some misguided, inexperienced fellow fooling around with our national defense. When it comes to trusting what Bulganin says or what Eisenhower says, I'll take Ike. So will the rest of the country, if I don't miss my guess.

Just before we broke up the other night Doc Brown came into the drug store, and somebody asked him: "Hey, Doc, how's Ike doin'?" (Doc's a big Eisenhower man.) Doc said: "Well, it's a busy campaign for the medical profession. Last week Ike went and got his heart examined; and I understand that this week Adlai is going to get his head examined."

Yours truly,

Tex

(Pol. adv. paid for by Texas Democrats for Eisenhower, Wilson Hart, Director.)

Mrs. Betty Masser of Hamlin Reviews Book at First McCaulley FHA Meet

First meeting of this year's school semester of the McCaulley chapter of the Future Homemakers of America was held Monday night, October 15, in the McCaulley School homemaker cottage.

Officers opened the program with the opening ceremony. Initiation of the new members was then conducted. Wanda Herron presented each new member an FHA pin. New members are Elaine Forbes, Mary Current and Rebecca Harvison.

Highlight of the program was a book review by Mrs. Betty Masser of Hamlin, who reviewed "Poppa's Wife." After the review Babs Henderson expressed the appreciation of FHA girls by presenting Mrs. Masser a gift.

The session adjourned with the closing ceremony. To conclude the evening the guests were served an informal tea. Wanda Smart laddled punch and Frances Hill served cake.

Guests of the evening were mothers and friends of the members.

This year's FHA officers are: Wanda Smart, president; Frances Hill, vice president; Babs Henderson, secretary-treasurer; Pat Griffin, parliamentarian and song leader; Annita Allen, reporter and historian.

Nazarene Youths In Halloween Party

Members of the Young Peoples' Society of the Church of the Nazarene held a masquerade Halloween party Tuesday night in the church annex.

Contest to name the best masqueraders was conducted, and numerous games were played.

Refreshments consisted of doughnuts and Halloween punch. A period of devotion climaxed the evening of activity.

Committee in charge of arrangements consisted of Odean Murphree, chairman, Sue Reynolds, Delano McMillan and Nova Hanna.

"Hot Flashes Stopped" or strikingly relieved

In 63-80% of cases in doctors' tests

If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life"—you may be suffering unnecessarily!

For... in tests by doctors... Lydia E. Pinkham's Compound and Tablets brought relief from such functionally caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change."

So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves!"

Valeta Crow Marries In Rites in Arizona

In marriage rites performed at the Gretna Green Wedding Chapel in Yuma, Arizona, on October 20 Valeta Crow became the bride of O. M. Hartley.

Mrs. Hartley is the daughter of Mr. and Mrs. F. M. Crow of Hamlin.

Pointers Given on Food Dollar Returns

To get the most from today's food dollar, County Home Demonstration Agent Mary Y. Newberry urges housewives to:

1. Plan your marketing list before you shop.
2. Buy only what can be used or stored satisfactorily.
3. Plan to use left-overs. Avoid waste.
4. Market in person—see what you buy.
5. Buy the form and quality that is best suited to the intended use.
6. Buy foods in plentiful supply.

THESE WOMEN!

By d'Alessio

"Here it is! Not exactly like your mother used to make, but it costs four times as much!"

Club Leaders Get Training on Floors at County Agent's Office

Jones County Home Demonstration Agent Mary Y. Newberry conducted a leader training meeting in her office at Anson on "Floors and Floor Coverings." A floor covering exhibit, including all types of floor coverings, was shown and discussed.

Use of color and design in rugs, different types of backing used in rugs, care of rugs and floor finishes were also discussed.

Samples of oak and pine finished in different ways were shown.

The 14 women who attended the session were Mrs. I. B. Ray, Mrs. J. D. Alford, Mrs. J. A. Mayfield, Mrs. Sam Hodges, Mrs. Ab Hunter Jr., Lou Polnae, Mrs. C. E. Carlton, Mrs. C. H. Young, Mrs. Jim Arnett, Mrs. Gene Lyckman, Mrs. Clinton Rogers, Mrs. Oscar Ekdhall and Mrs. R. D. Ely.

On Memorial Day the flag should be displayed at half mast from sunrise to noon and at full mast from noon to sunset.

Eggs Adapted for Various Uses as Food

Eggs are available in various grades and sizes in most markets. Jones County Home Demonstration Agent Mary Y. Newberry says highest grades A and AA are ideal for cooking in the shell, for frying or poaching. The lower grades may be used for scrambling or used in cooked products.

The shell color may vary from white to deep brown. This does not make any difference in the flavor, food value or cooking performance of the egg.

Never absent from your post, never off guard, never ill-humored, never unready to work for God—is obedience; being "faithful over a few things."—Mary B. Eddy.

Program on Poetry Given at Meeting of Beta Theta Chapter

A program on poetry was presented by Mrs. Gerald Young when members of the Beta Theta chapter of Beta Sigma Phi met in the regular meeting Tuesday afternoon in the home of Mrs. Wilson Brannon.

Mrs. Brad Rowland Jr. presided over the business meeting. It was decided that the Beta Theta chapter would invite members of the Xi Gamma Phi exemplar chapter to the pledge dinner in honor of the four new pledges, Mrs. W. P. Foster, Mrs. Duane Stalleup, Mrs. Mac Fullerton and Mrs. R. L. McClung.

It was also decided the sorority would order three dozen boxes of correspondence notes to be sold as a money making project.

A donation was sent to the Crippled Children's Foundation of Texas, one of the sorority's projects for the year.

There were 16 members and pledges present for the Tuesday session.

Next meeting of the group will be November 7 in the home of Mrs. Arlie Cassle.

Double Milk Serves Increase Calcium

An easy, economical way to increase the calcium intake of your family, declares Mary Y. Newberry, Jones County home demonstration agent, is by using "double milk."

For example, add four tablespoons of dry milk to one cup of fluid milk for a delicious, cool, refreshing "double milk" beverage.

Your favorite fruit or flavoring may be added to this. For variety of flavors, try molasses, maple, spice or honey.

The Herald has rubber stamps.

Many Innovations, Including Added Saratoga, to Feature New Chryslers

Chryslers for 1957, featuring new road-hugging design with floors and seats dropped, allowing roofs to be lowered as much as five inches, were announced this week. They went on display Tuesday at Chrysler dealerships from coast to coast. Showing at Hamlin is at Prewitt Motors.

Combining such innovations as twin headlights, three-speed push-button torque-flite transmission, and a revolutionary new torsion-axle suspension, the 1957 Chryslers are offered in the New Yorker and Windsor series, plus an all-new Saratoga series in the middle price range.

"In setting out to create the most glamorous cars in a generation, we have advanced forward look styling by creating a car with the motion feeling of a poised sail," said E. C. Quinn, president of the Chrysler division.

"The 1957 Chryslers are new from tire treads up. They bring to the motoring public smoother riding 14-inch wheels, recessed lift-and-pull safety door openers, a combined heater-air conditioner, and up to 40 per cent larger windshields."

Three new V-8 engines—a more powerful firepower V-8 in the New Yorker series, a new spitfire V-8 in the Saratoga series and a new improved spitfire V-6 in the Windsor series—offer higher performance and increased economy.

For 1957 Chrysler also introduces improved full-time coaxial power steering, lower pressure tires, deep-section safety steering wheel, aluminum framed window openings on sedans, and improved total contact center-plane brakes, which, Chrysler engineering tests show, have the longest life of any brake yet developed.

The revolutionary torsion-axle

suspension system is smoother riding, quieter and gives greater body stability at higher speeds. Torsion bars, which replace coil springs in the front end, provide new ride control. New lower control arms, easier steering ball joints, complete rubber isolation and a new front sway bar all contribute to elimination of brake "dip" and give the car the flat-cornering comfort and safer steering control of a sports car. An adjustment screw in the new torsion bar suspension system makes adjustment of the car's front end height a simple operation.

BEAUTY SHOP OPENING.

Mrs. Myrtle Copeland, owner of Myrtle's Beauty Shop, which has been undergoing remodeling and enlarging for several weeks on South Central Avenue, announces that the shop will be open for business this week-end.

It is doubtful if anything is more educational than living in this implausible world.

Xi Gamma Pi Meets In Carlton Home

Mrs. W. T. Johnson presented a program no "Exercises in Thought" when members of the Xi Gamma Pi sorority met last Thursday in the home of Mrs. Weldon Carlton.

The social committee reported that they would join the Beta Sigma Phi November 17 in having a dinner honoring the new pledges in Beta Sigma Phi. The husbands are to be guests of the members.

Next meeting of the Xi Gamma Pi group will be with Mrs. Jerry Waggoner.

It is wondered why a statistician is surprised to find there are more cars than kitchen sinks in the United States. Nobody can ride in a kitchen sink.

SUPREME HOSIERY

with new TWIN-THREAD construction! (Sheerer than 15, serviceable as 30 denier)

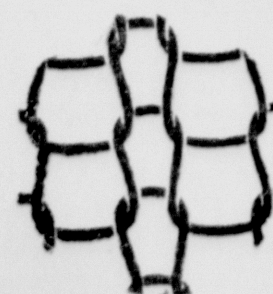

TWIN SEVEN: Conventional weave, full fashioned, dark seam, sizes 8 1/2 to 11, proportioned lengths. Colors: Beigetint and Blushtint.

TWIN STRETCH: Chadolon stretch yarns, dark seam. Sizes: Petite, Average, Tall. Colors: Beigetint and Blushtint.

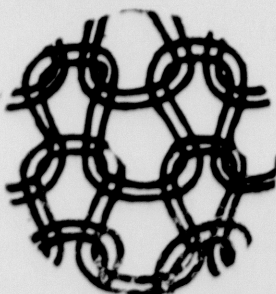

Compare the wear!

145

CONVENTIONAL 60 GAUGE, 15 DENIER

Note the single thread construction. When one thread breaks a run is the result.

NEW TWIN-THREAD CONSTRUCTION...

Note the parallel knitting technique of the twin threads. Extra sheerness and strength is the result. One thread can break but the other thread holds and prevents a run from starting.

MORE SHEERNESS! MORE BEAUTY! MORE WEAR!

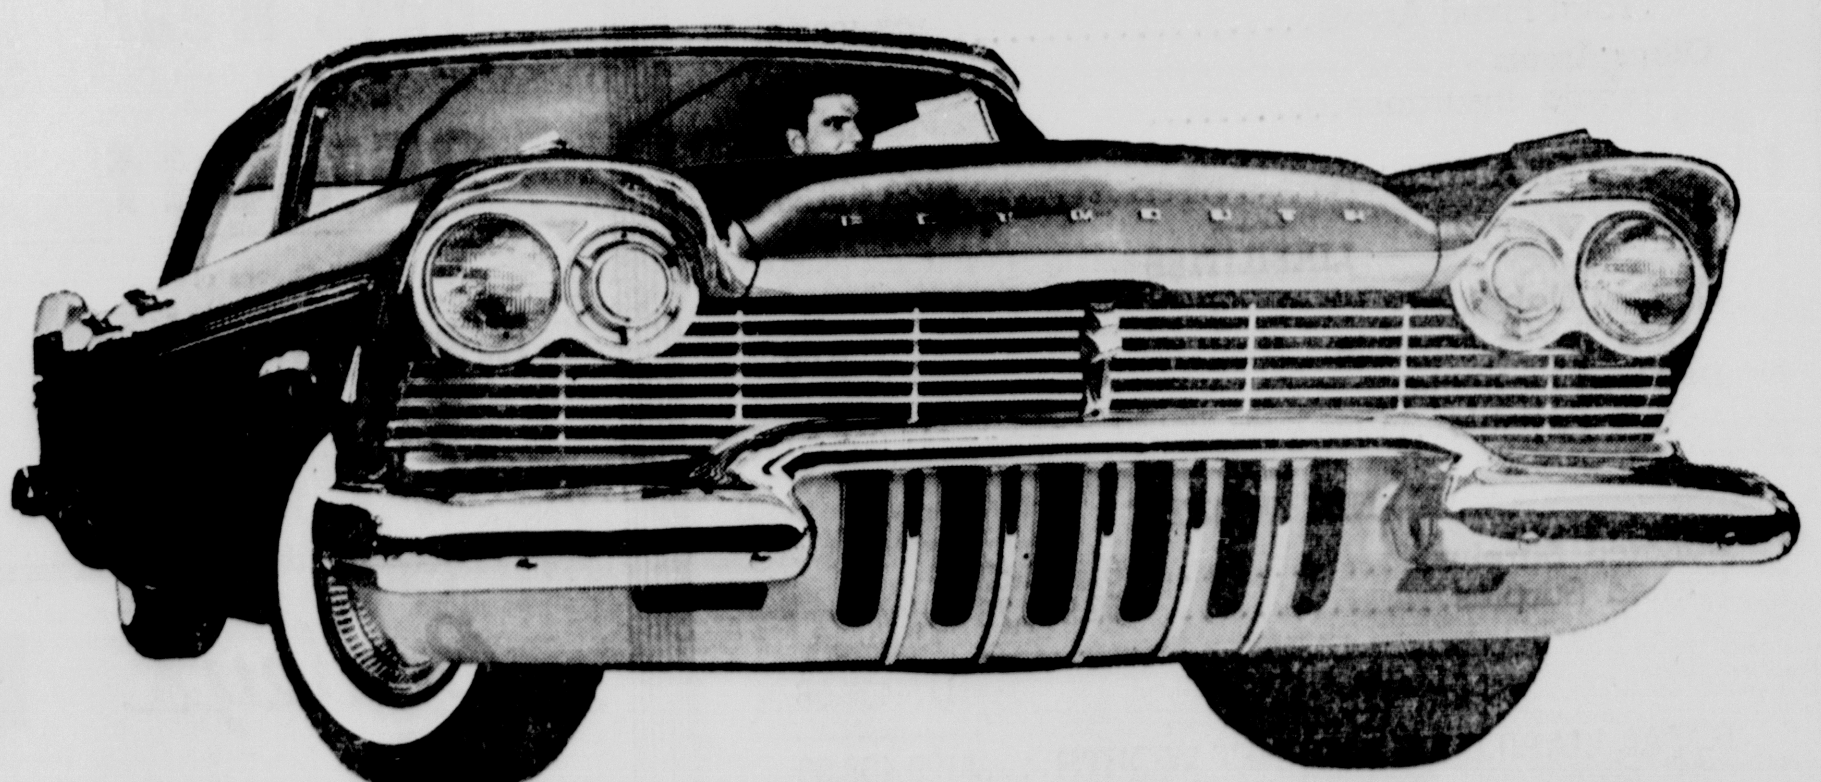

Chadolon yarn is used in this new and exclusive... TWIN-THREAD construction to produce an amazing stocking of super sheerness and super wear. Twin-thread construction is stronger than any sheer stockings of the past because if one thread is snagged or broken, the other thread holds. Try Silhouette Supreme! You'll get more beauty and more wear!

SUDDENLY, IT'S 1960...

In one flaming moment, Plymouth leaps 3 full years ahead! Plymouth's traditionally great engineering brings you the fabulous new Fury "301" V-8... revolutionary new Torsion-Aire ride... exciting sports-car handling... new super-safe Total Contact Brakes... dramatic Flight-Sweep Styling. The car you might have expected in 1960 is at your Plymouth dealer's now! See it! Drive it! Own it!

PLYMOUTH!

Attendance at City's Sunday Schools Up From Previous Week

Sizeable gains were made in Sunday School attendance at the 12 churches reporting for the Sunday just past over the previous Sunday as well as for a year ago. Totals by churches for October 28, October 21 and a year ago follow:

Churches—	Oct. 28	Oct. 21	Year Ago
First Methodist	65	45	61
Faith Baptist	403	423	382
Oak Gr. Col. Baptist	47	39	37
Ch. of Nazarene	71	63	103
Sunset Baptist	63	68	45
Mexican Baptist	65	56	56
No. Con. Ave. Bap.	86	79	62
Church of Christ	136	162	145
Calvary Baptist	47	50	55
Foursquare Gospel	77	70	72
United Pentecostal	—	—	—
Assembly of God	44	48	45
First Methodist	254	186	220
Totals	1356	1259	1283

The marriage rate has reached a new high. People are marrying earlier and oftener than ever before.

Pearlie V. Smith Buried at Neinda After Rites in City

Death claimed Mrs. Pearlie V. Smith, 82-year-old wife of a former Hamlin farmer, Friday morning at Big Spring. Funeral services were conducted Saturday afternoon at the First Methodist Church. Officiating was Rev. D. D. Jones.

Mrs. Smith, who was born October 28, 1874, as Pearlie V. Tabb, at Mount Pleasant, was the daughter of Mr. and Mrs. W. H. Tabb. She married I. M. Wilcoxson on July 4, 1893, and five children were born to this union. Mr. Wilcoxson died in February, 1907. She married W. A. (Bud) Smith in December, 1909, who died in 1935.

She was a member of the Presbyterian Church and the Order of the Eastern Star.

Burial was in the Neinda Cemetery under direction of the Hamlin Funeral Home. Pallbearers were Raleigh Reynolds, M. S. Reynolds, Jess Young, A. G. Smith, John Brown and Ed Renfro.

Survivors include two sons, Vaughn Wilcoxson and Alvis Wilcoxson of Dallas; two daughters, Mrs. R. M. Young of Hamlin and Mrs. Floyd Hallmark of Burney, California; a step-daughter, Mrs. Perlor Smith of Sweetwater; three sisters, Mrs. J. D. Vaughn of Trinity, Mrs. C. A. Moulton of San Gabriel, California, and Mrs. J. F. Coker of Los Angeles, California; four grandchildren and four great-grandchildren.

An acorn was frequently used as a design on Colonial furniture because it was considered a symbol of hospitality.

East is west and west is east on the 180th meridian.

According to Einstein, time is the fourth dimension.

Hamlin Voters Will Ballot at City Hall and Methodist Church

Voters of Hamlin will vote in the usual East Hamlin and West Hamlin boxes Tuesday, however the West Hamlin box will be at a new location.

East Hamlin voters will vote at the city hall. Election Judge Tom Routh reminds voters of the recent change in boundaries of the precinct. All voters of the Hamlin community living east of the Aspermont highway north to the Stonewall County line, all all those residing south of the Santa Fe Railway will vote in the East Hamlin box.

West Hamlin voters will vote in the basement of the First Methodist Church. It is announced by Election Judge J. E. Patterson. The precinct includes all voters in the Hamlin community living north of the Santa Fe Railway and west of the Central Avenue and the Aspermont highway north to the Stonewall County line.

The men of action are, after all, only the unconscious instruments of the men of thought.—Heinrich Heine.

On a postman's uniform a red silk star means 15 years of service.

Farm Bureau Asks That Farmers Buy Grain from CCC

Texas Farm Bureau has asked Secretary of Agriculture Benson to permit farmers and ranchers to buy surplus feed grains from the Commodity Credit Corporation at the same rates that now apply only to dealers, point out officials of the Jones County unit.

In a telegram to Benson, TFB President J. Walter Hammond also requested the use of drought relief certificates be permitted as part payment for grain in the same manner now used in the drought roughage program. He also requested that eligible farmers be permitted to use the certificates to buy feed grains from any source.

"There is considerable dissatisfaction a disappointment among the farmers and ranchers regarding the administration procedures for distributing drought relief feed grains."

At present eligible livestock producers must buy feed grain from dealers. Farmers complain that this makes the price higher, thus nullifying some of the beneficial effects of the federal drought relief program.

Two Hamlin Men Go To National Meeting Of Gypsum Union

Two Hamlin men, employees at the Hamlin plant of Celotex Corporation, attended the eighth international convention of the United Cement, Lime and Gypsum Workers International Union held last week at Buffalo, New York.

Glen Williams of 221 North Central Avenue and S. P. Cox of McCaulley served as delegates representing Local 210 at the meeting. They were accompanied by Billie Graham, president of Local 74 of Rotan, and John Lawlis, recording secretary of Local 74, also of Rotan.

Cox has served as president of Local 210 for several years and has attended other international conventions, as well as serving as vice president of the district council for many years. Williams is president of District Council 4, which covers Texas, Oklahoma and Arkansas, and has served as recording secretary of Local 210 for the last 10 years.

Following the convention the group toured Niagara Falls and Ontario, Canada.

The average person will heatedly deny the charge that he is superstitious. Yet he readily will admit he believes in hunches.

Monthly Singing Set At Dovie Friday Night

Regular monthly singing of the Dovie community will be staged Friday evening at 7:30 o'clock, it is announced by community leaders.

Several visiting singers are expected for the affair, to which the public is invited. Refreshments will be served to attendants.

Canada is larger than continental United States.

The dahlia is named for the Swedish botanist Dahl.

Tommy West Finishes Army QM School

Private Tommy F. West, 18 year-old son of Mr. and Mrs. Johnny F. West of Route 3, Hamlin, recently was graduated from the general supply entry course at the Army's Quartermaster School, Fort Lee, Virginia.

During the eight-week course West studied administration procedures, stock record control and storage and issue of supplies.

He completed basic training at Fort Chaffee, Arkansas. Young West formerly attended Hamlin High School.

Fisher County Singers To Meet at Sylvester

Singers and song lovers of the section are invited to attend the Fisher County Singing Convention Sunday afternoon at Sylvester Baptist Church, community leaders advise.

Singing will get underway at 2:00 o'clock. The public is invited to attend.

SMALL HOMES

can be built under new loan arrangements with repayments within five years. Pay as little as \$20.50 per \$1,000 per month.

Also you can finance additions to your present home, such as a new bath room, garage, porches and other improvements.

Stamford Bulldogs Come for Crucial Game Friday Night

Big Turn-Out of Fans Expected at Last Home Game

No doubt the toughest football game on the slate of the Hamlin Pied Pipers is scheduled Friday night on the home grid patch when the local crew faces the State Champion Stamford Bulldogs in the last home game of the season. Game time is 7:30 o'clock.

While facing the Bulldogs with little hope of coming away victorious, Coach Truman Nix declares he will field a determined, fighting bunch of Pipers who will let the Stamford lads know they have been to a ball game.

Stamford has 20 straight victories on their belt, which includes the regional and state AA victories last fall. They have this year swept away all opposition they have met so far, including AAA teams from Sweetwater and Brownwood.

The Pipers enter the tilt with four victories, three losses and one tie out of eight engagements.

A near record crowd is expected to witness the fracas Friday night, it being the last home game on the schedule this season.

DISTRICT 4-AA STANDINGS

Stamford and Seymour definitely emerged after last week-end's football play as contenders for the honors of District 4-AA.

With the Hamlin-Seymour conference game, standings took definite shape in the loop ratings, and the order of the season standings was not changed.

The percentages after the week-end tilts looked like this:

All-Season Standings				
Teams—	P.	W.	L.	T. Pct.
Stamford	8	8	0	0 1.000
Seymour	7	6	1	0 .856
Hamlin	8	4	3	1 .567
Anson	7	3	4	0 .427

Conference Standings				
Teams—	P.	W.	L.	T. Pct.
Stamford	1	1	0	0 1.000
Seymour	1	1	0	0 1.000
Hamlin	1	0	1	0 .000
Anson	1	0	1	0 .000

Results Last Week				
Stamford	60	Nocona	12	
Seymour	41	Hamlin	12	

Where They Play Friday.
Anson at Levelland.
Stamford at Hamlin.
Seymour at Thomas Jefferson (Dallas).

Stamford and Seymour Win Two Games for Week

With only three more week-ends of play on the slates of District 4-AA teams (only two for Hamlin), three of the teams of the area loop reeled off two games last week-end. Anson was idle.

Seymour bopped Hamlin in the only conference melee, and Stamford drubbed the Nocona Indians.

Hamlin's shellacking by the Seymour Panthers was worse than anticipated, the strong Seymour lads making it 41 to 12 in a tilt played at Seymour. Halfbacks Larry Martin and Larry Ware led the Seymour attack behind a powerful line. Hamlin racked up 10 first downs to 17 for the host team. However, power was indicated by the 309 yards amassed by Seymour on the ground to only 52 for the Pipers.

The Nix-men made 94 yards with six pass completions out of 12 tries, while Seymour lost three yards in completing one of four aerials. Hamlin lost one fumble in the game and had two passes intercepted.

Stamford's Bulldogs traipsed all over the home griddle Friday night to trounce the Northwest Texas Indians from Nocona to the tune of 60 to 12. Coach Gordon Wood used every player on the Bulldog bench in racking up the top heavy score.

Twenty-five first downs made made by Stamford to nine for Nocona. Stamford made 310 yards rushing to 120 for Nocona, but the Indians made 87 yards in the air to only 12 by Stamford in completing seven of 16 tosses.

Tickets for the final football engagement of the Pied Pipers against the Anson Tigers at Anson Friday night of next week are on sale at the Hamlin High School offices and the three downtown drug stores, according to Principal B. V. Newberry.

Only 250 tickets were sent to Hamlin for the game, and Newberry urges early purchase of the ducats, in view of the fact that a big crowd is expected

Pied Pipers Find Going Rough Against Seymour and Drop Loop Tilt 41 to 12

Hamlin's Pied Pipers found fight and sting in some old rivals when they journeyed Friday night to Seymour and met the Panthers of that bailiwick for the first time in several years. They wound up the evening's activities on the short end of a 41 to 12 score.

It was the first District 4-AA melee for both the teams, and the results definitely pitted Seymour against the Stamford Bulldogs for the district title, Anson and Hamlin already having lost a conference game each.

Coach Truman Nix's troopers just could not cope with the fleet Seymour halfbacks, Larry Martin and Larry Ware, fighting behind probably the best line the Pipers have met this season.

Martin marked on the scoreboard first for the Panthers in the initial quarter by driving over from the four-yard spot, but Bill Moss missed the kick try.

Hamlin came right back to tie the count when Quarterback Don Adair passed to End Ed Shields for 22 yards and a marker. The boot try for extra point by Charles Jenkins was no good.

After a first quarter score of 6 to 6, Seymour turned on the steam in the second period and tallied two touchdowns. Martin went over from the six-yard spot and Ware scored on a push from

the one, Bill Moss kicking both the extra points. The score at the half was 20 to 6.

In the third quarter Ware tallied again after intercepting a Hamlin pass on the 20-yard marker and ambling over, and Moss added the extra point.

Again in the third period Martin went over from 11 yards out and Moss again converted.

Hamlin's second touchdown was made when Adair punched over from the five-yard site, and Jenkins again missed the kick.

Final Seymour marker came in the fourth quarter when Howard Gross went over from eight yards away, and Plummer added the extra point.

Mighty Mice Favored in Melee With Rotan

Coach Harry Martin's Mighty Mice of Hamlin Junior High School will be favored to get by the Rotan Juniors without too much difficulty when they meet on the Pied Piper griddle November 13.

Hamlin trounced the Yellowhammers 39 to 7 at Rotan earlier in the year. This game will wind up the regular season for the Hamlin Juniors. Game time will be 7:00 p. m.

Junior High Gridders Continue Hold On Top Conference Spot

Hamlin Junior High's gridders still command the lead of the conference loop in the five-school race after last week's games with a perfect record.

Last week Merkel swamped Rotan 59 to 0 in a tilt played at Merkel. In the first round Rotan had defeated Merkel 27 to 0.

Hamlin tripped Albany 26 to 7 in a melee at Albany. In the first round Hamlin nosed out Albany by a 14 to 7 count.

Anson had an open date last week.

Standings after last week were stacking up like this:

Teams—	P.	W.	L.	Per
Hamlin	5	5	0	1.00
Anson	4	3	1	.75
Albany	5	2	3	.40
Merkel	5	1	4	.20
Rotan	5	1	4	.20

Games scheduled for Tuesday night of this week were at Hamlin (Hamlin defeated Merkel at Merkel 14 to 0 previously); and Anson at Rotan (Anson defeated Rotan at Anson 26 to 14); and Albany had an open date.

The seven wonders of the modern world are the airplane, radium, antiseptics, antitoxins, x-ray, radio and the telephone.

Whales cannot breathe under water.

Juniors Meet Anson Tuesday Night There

Next Tuesday night the Hamlin Junior High School Mighty Mice will seek to nail down the conference crown when they do battle with the Anson Cubs at Anson.

The Hamlin crew edged the Anson lads 21 to 19 in their previous meeting, played at Hamlin. Anson had been favored to win by most of the dopesters.

Both Hamlin and Anson have rolled over all other opposition. Albany, Merkel and Rotan are already out of the race with three or more losses.

Game time will be 7:00 p. m. If Hamlin and Anson tie for the league lead at the end of the

Boosters Urge Fans to Witness Stamford Tilt

Leaders of the Hamlin Pied Pipers Booster Club were urging people of the community to turr out in big numbers Friday night at the last home tilt on the local Hamlin High School football slate.

The booster group, which has been active in maintaining interest in games so far, points out that although the Pipers are the underdogs in Friday night's game, spirit of sportsmanship and gladiatorialness for the Stamford team and fans should not let up.

season a play-off game will be staged to determine the championship.

A low-slung beauty with Flight-Sweep style: Swept-Wing '57 Dodge Custom Royal Lancer 2-Door.

It unleashes a hurricane of power
It breaks through the vibration barrier
It is swept-wing mastery of motion

SWEPT-WING '57 Dodge

How do you describe a car so daring in concept, so revolutionary in features and advances, so rewarding in beauty and performance?

How do you explain its newness when everything about it is new?

On display today is just such a car—the Swept-Wing '57 Dodge that steps you into the wonderful world of Autodynamics.

What is this wonderful world of Autodynamics? It is a world where everything is new from road to roof to achieve absolute mastery of motion.

Here's what it does in the Swept-Wing Dodge:

- It unleashes a hurricane of power from a thundering new aircraft-type Super Red Ram V-8 engine that's a spitfire in action!
- It tames a tornado of torque with a new TorqueFlite Push-Button Drive for the greatest get-away on the road!

- It breaks through the vibration barrier with a revolutionary new rubber-mounted suspension system—Dodge Torsion-Aire—that features race car torsion-bars. You ride in a "Realm of Silence," isolated from vibration, noise and road shock.
- It is swept-wing mastery of motion in a sleek, low-slung beauty barely 4½ feet high that has no equal in the way it corners, handles and rides.

You have never seen, felt or owned any car that compared with this new Swept-Wing Dodge. See and drive it today . . . now at your Dodge dealer's!

Second in Series of Entertainments at School Tuesday

Second in the series of special school entertainment programs arranged through cooperation of local school authorities and United School Assemblies this year will be Lenderman's trained animals, which will appear at the high school auditorium next Tuesday morning, November 6, at 8:30 o'clock, according to Principal B. F. Newberry.

The public is invited to attend the programs. Admission will be 10 cents for children and 25 cents for adults.

Lenderman's program is comprised of 12 dogs, a pony and a monkey which make up a troupe of international stars that have appeared throughout the world. Schools from primary through college have all enjoyed this unique trained animal program.

Feature of the Lenderman trained animal program is its educational value in demonstrating an almost unknown method of training animals. The theory and practice as used by the Lenderman's is the same as used in Europe by the Spanish cavalry and by the famous Lepsietch school in Paris.

After Quick Tallies Juniors Hold Albany To Win Game 26 to 7

Hamlin Junior High School's Mighty Mice got off to a fast start at Albany last Tuesday night as they scored two quick touchdowns in the opening minutes and had another touchdown nullified by a penalty. The game ended with Hamlin on the long end of a 26 to 7 count.

Albany tallied their lone score early in the second quarter. Hamlin came back to score again in the first half to take a 19 to 7 lead at halftime.

Wesley Cummings took a 30 yard pass from Michael Bond and stumbled 15 yards to a touchdown. Wesley made an excellent catch. Michael Bond scored on a keeper around left end from 18 yards out. Robert Brandon tallied the third touchdown on a line plunge. Jodie Ford added on a line insurance score in the second half for four yards and the counter.

Bobby Ellison played a stand-out game on defense for the Mice.

Hippopotamus means "river horse."

This is in complete opposite to the usual training of animals by the use of whip or food.

Jurden Ubben, 72, Passes Wednesday At Big Spring

Final rites for Jurden Ubben, 72-year-old Hamlin area farmer who died last Wednesday in a Big Spring hospital, were conducted Friday afternoon at the Hamlin First Baptist Church, of which he was a member.

Ubben, who had lived in this section for 27 years, had been ill for about three years.

Conducting the services was Rev. Calvin Bailey, pastor of the local church.

Burial was in the Hamlin East Cemetery under direction of the Hamlin Funeral Home. Pallbearers were deacons of the Hamlin church.

Born November 22, 1883, in Germany, he came to this country as a young man. He was the son of Mr. and Mrs. Harm Ubben. He married the former Lily Shindler at Roby in 1920.

Survivors include the widow, Mrs. Lilly Ubben of Hamlin; two daughters, Mrs. Herman Treadwell of San Antonio and Mrs. Frances Simon of Fort Worth; two sisters, Mrs. Ralph Myers of Truscott and Mrs. O. R. Burnham of McCauley.

OLD GRAD—Mrs. J. W. Baker of Waco celebrates her one hundredth birthday by cutting a cake presented her by Baylor University. Mrs. Baker is the oldest living graduate of Baylor, having graduated in 1874 as valedictorian of her class. She was born near Navasota in 1856.

Referendum for Cotton Growers Set December 11

Farmers of the Hamlin section, along with those of the rest of the Cotton Belt, will have opportunity again to express their sentiments in connection with cotton acreage controls and the accompanying government parity payments early next month.

U. S. Department of Agriculture has announced the 1957 state acreage allotments for upland cotton, the national allotment for extra long staple cotton, and set December 11 as the date for a referendum on marketing quotas for the 1957 cotton crop.

The total allotments available for distribution in the states were set by the USDA at 17,585,462 acres. The total allotment for Texas was set at 7,547,503 acres, which includes 10,974 acres as Texas' share of the national reserve. The agricultural act of 1956 provides that a national acreage reserve of 100,000 acres be apportioned among states on the basis of the estimated needs of each state for additional acreage to establish minimum farm allotments under the act.

The marketing quota for the 1957 crop upland cotton was announced on August 31 as 11,014,497 bales of 500 pounds gross weight. The marketing quota for extra long staple cotton, just announced, is 76,365 bales, and the national acreage allotment was set at 89,357 acres for the 1957 crop.

At least two-thirds of the cotton producers voting in the December 11 referendum must favor the marketing quotas if they are to be effective on the 1957 crop. Last year Jones County cotton growers disapproved the acreage controls, but the state and nation voted overwhelmingly for the plan.

Civil Defense Man Says Communists Threaten World

Threat of the Communists to world domination and destruction to North America and particularly of the United States may be more eminent than many people think, declared Sergeant Alfred Buchalter of the Aid Defense Command, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

In charge of organizing and training Ground Observer Corps in eight Central West Texas counties, Sergeant Buchalter pointed out that the Communist threat has grown from 40,000 followers in 1922 to control of more than 800,000,000 people of the world in 1955. The Communists' strength for world control and domination is great, he said, and this country's greatest defense is preparedness. He declared the Ground Observer Corps is a necessary link with the military defenses in being alert to possible danger.

A film entitled "Frontline Freedom" was shown to further emphasize the role of the GOC in the national defense.

Tasty Tip for Quick Meals!

MACARONI-AND-CHEESE
home cooked in 7 minutes

Kraft Dinner is a timesaver and a menu-maker! Stock up today—it costs only pennies. So handy for school lunches, emergency meals. And good eatin' always!

IT'S RANGE CHANGE

Suddenly you know how modern a range should be—**flame-fast gas ranges alone offer 4 times less fuel cost!**

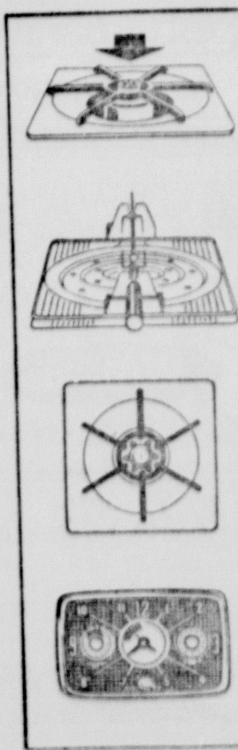

ONLY WITH EXCITING NEW FEATURES LIKE THESE CAN YOU REALLY COOK MODERN!

Cook-Saver Automatic Top Burner Control. New flame-fast gas Cook-Saver holds pre-set temperature. Foods won't burn! Makes all your pans automatic!

Built-In Rotisserie. Broil indoors with flame-kissed "barbecue" flavor. Turns out your favorite foods easily and deliciously.

Simmer Flame. On each burner, tiny points of flame make waterless, "Vitamin-saves" cookery a snap. Unlimited keep-warm and simmer settings.

Automatic Clock-Controlled Oven. Cooks whole meals while homemaker is away—turns oven on and off automatically. Even circulation of heat—use any rack position.

But of course! Smart Southwest Moderns know that cooking with gas is the most economical way to cook. It costs less than 1/4 as much to use as electric cooking. This means: If you can cook on an electric range for \$2.20 a month—you can do the same amount of cooking with gas for less than 55¢ a month. (Or a savings of \$19.80 a year!) What's more, an automatic gas range costs less to buy, less to install, and less to operate and maintain. No wonder smart women say truly modern cooking is cooking with flame-fast gas.

SAFEST COOKING EVER! American Gas Association seal assures reliability. Fire insurance statistics prove gas is safer! **SIZZLING TRADE-INS NOW** on your gas or electric range. Cook modern—change today to a new ultra-modern gas range.

Notice of Hearing on Petition to Issue Bonds of Road District No. 1 of Jones County, Texas

The State of Texas, County of Jones:
To the resident qualified electors of Road District No. 1 of Jones County, Texas, who own taxable property in said district and who have duly rendered the same for taxation:

Take notice that a hearing will be had at the courthouse in the City of Anson, Texas, on a petition to the Commissioners Court on the proposition of issuing the bonds of said Road District No. 1 of Jones County, in the principal sum of \$60,000.00, as more particularly set out in the order fixing the hearing as follows:

AN ORDER
Fixing the time and place of hearing on the petition for the issuance of bonds by Road District No. 1 of Jones County, Texas:
Whereas, there came on to be considered the petition of C. F. Upshaw and more than 50 other persons, representing themselves to be resident, qualified electors of Road District No. 1 of Jones County, Texas, who own taxable property in said district and who have duly rendered the same for taxation, praying that this Court order an election in Road District No. 1 of Jones County to determine:

"Whether or not the bonds of said Road District No. 1 of Jones County, Texas, shall be issued in an amount not to exceed \$60,000.00 bearing interest at a rate not to exceed three and one-half (3½%) per cent per annum, and maturing at such time as may be fixed by the Commissioners Court serially or otherwise in not to exceed fifteen (15) years from date thereof for the purpose of constructing and maintaining and operating paved roads and turnpikes or in aid thereof throughout Road District No. 1 of Jones County, Texas, including particularly the purchase of right-of-way and whether or not taxes shall be levied annually on all taxable property in said Road District sufficient to pay the annual interest on said bonds to provide a sinking fund sufficient to pay the bonds at their maturities."

Whereas, it appears to the Court and is so adjudged that said petition is signed by the required number of qualified electors who own taxable property in Road District No. 1 of Jones County, Texas, and who have duly rendered the same for taxation; and

Whereas, said Road District No. 1 of Jones County, Texas, was heretofore created by order of the Commissioners Court, duly entered on the 1st day of April, 1924, which order is of record in the minutes of the Commissioners Court in volume 7 on page 239;

Be it ordered by the Commissioners Court of Jones County, Texas:

1. That a hearing shall be had by this Court at the courthouse in the City of Anson, Texas, on said petition on the 12th day of November, 1956, which date is not less than 15 days nor more than 30 days from the date of this order.

2. The clerk of said Court shall forthwith issue a notice of time and place of hearing which notice shall inform all persons concerned of the time and place of hearing and of their right to appear at such hearing and contend for or protest the ordering of such bond election.

3. That said notice shall state the amount of bonds proposed to be issued and shall describe the District by its number and shall describe the boundaries thereof as contained in the order establishing the District.

4. The clerk shall execute said notice, posting true copies thereof at three public places within said Road District No. 1 of Jones County and one at the courthouse door of the county. Said notice shall be posted at least 10 days prior to the date of hearing. Said notice shall also be published in a newspaper of general circulation in the District if a newspaper is published therein, one time, and at least five days prior to such hearing. If no newspaper is published in said District then such notice shall be published in some newspaper in the county if there be one. The duties herein imposed on the clerk may be performed by the clerk in person or by a deputy.

5. Said hearing shall be conducted under the provisions of Chapter 16, Acts of the First Called Session of the Thirty-Ninth Legislature.

6. The metes and bounds of Road District No. 1 of Jones County, as created by the Commissioners Court on the 1st day of April, 1924, are as follows, to-wit:

Beginning in said Jones County, Texas, at a point in the west boundary line of said Jones County where the north boundary line of League No. 358 in the name of Goliad County School Land intersects said county line;

Thence in a northeasterly direction and along the north boundary line of said League No. 358 to the northeast corner of said League No. 358, and the northwest corner of League No. 358 in the name of Louis Kratz, continuing in the same direction and along the north boundary line of said League No. 358 to the northeast corner of said League No. 358;

Thence in a northeasterly direction and with the east line of League No. 356 in the name of McMullen & McGloin to the north-

Grady F. Sims, 61, Dies Wednesday. Taken to Healdton

Death came last Wednesday to Grady Franklin Sims, fire chief of Healdton, Oklahoma, in the Hamlin Memorial Hospital. The 61-year-old man had been ill about a year, and had recently been visiting in the home of a daughter in Hamlin, Mrs. Wanda Sewell.

Born March 23, 1895, at Belton, he was the son of Mr. and Mrs. Wiley Sims. He had moved to Healdton as a young man, having resided there for 40 years. He married the former Ruby Hamilton in Bell County. He was a member of the United Pentecostal Church.

The body was taken to Healdton by Hamlin Funeral Home, where funeral services were conducted Saturday afternoon. The pastor of the Healdton Pentecostal Church officiated.

Interment was in the Rose Hill Cemetery at Healdton, Oklahoma. Survivors include the widow, Mrs. Ruby Sims; two sons, Leonard Sims of Oklahoma City and Chester Sims of Perry, Oklahoma; two daughters, Mrs. Bennie Allen of Healdton, Oklahoma, and Mrs. Wanda Sewell of Hamlin; four brothers, Carl Sims of Fort Worth, Theo, Cleo and Alvin Sims all of Oklahoma City; eight grandchildren and eight great-grandchildren.

Seven Colored Men Fined for Gambling

Everybody lost in their gamble with the law last week when seven colored men were arraigned before City Judge O. D. Roland on charges of gambling.

In a raid conducted by Police Chief Buddy Watson and Night Police Jess Miller on the Jitterbug Inn the night of October 13 Pete Goolsby, Bedell Washington, Joe Brown, Murry Butler, Charles Shelton, Leo Williams and Fate Mosely were arrested on gambling charges. Goolsby, owner of the inn, was fined \$50.70, and the other six were fined \$11.70 each.

Marvin Carlton Goes To Principals' Session

Marvin Carlton, Hamlin Junior High School principal, last Wednesday attended an all-day conference at Haskell sponsored by the Oil Belt Principals and Supervisors Association.

Speaker and consultant for the meeting was Dr. Merle Bolton, professor of education at the University of Texas. Dr. Bolton spoke on "What Is the Principal's Role in Curriculum Development?" and "What Is Considered to Be and Adequate Elementary Curriculum?" The session was well attended by principals from this area.

FHA Designated to Handle Freight Rates Adjustments on Feed

Designation of Farmers Home Administration to execute certification forms in connection with reduced freight rates recently worked out between the president and railroad representatives to further assist farmers and stockmen in drought stricken areas has been announced by Walter T. McKay, the agency's state director.

This revised tariff provides for a reduction of 50 per cent in the freight rate of hay forwarded to destinations due to the drought, and applies only in connection with hay purchases of individuals who are entitled to assistance under the hay and roughage program.

Record Tech Student Body to Be Host at Homecoming Event

Largest Texas Tech student body in history—8,055 strong—will greet exes and friends during the annual homecoming activities Friday and Saturday at Lubbock in which numbers of Hamlin area former students and friends will participate.

The two-day gathering will include a Homecoming Queen coronation and bonfire Friday night downtown parade Saturday morning, Tech-Oklahoma A. & M. football game Saturday afternoon, and

Sandwiched between the major events will be numerous reunions and gatherings sponsored by various classes, student organizations and other Tech units.

B. V. Newberry Goes To Principals' Meet

B. V. Newberry, Hamlin High School principal, attended sessions of the annual convention of the Texas Association of Secondary School Principals held last week in San Antonio.

Approximately 525 secondary school principals were in attendance at the sessions, which featured outstanding education leaders in the three-day program. Main address of the convention was given by Dr. A. J. Stoddard of Palos Verdes Estates California, a retired school administrator with 50 years of school service.

Going with Newberry from this area were Pyatt McCollum, principal from Haskell, and James W. Simpson, principal from Stamford.

THE MIGHTY CHRYSLER FOR 1957

Here's the glamorous, low-priced 1957 Chrysler Windsor V-8

Announcing the most glamorous car in a generation!

You never looked or felt as good in anything before!

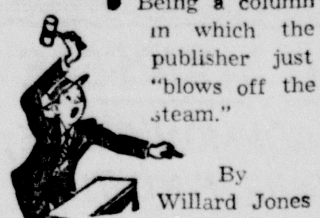

Other cars have changed models . . . this one changes motoring. Look at its rich, racy lines . . . at the long, low silhouette . . . at the dramatic upsweep of the rear fenders that plume back from the waist like the wake of a hydroplane. It's a streak of a car with the elegance of the boulevard and the spirit of the speedway.

Get into this car, drive it into traffic or out on the open highway and you enter a new domain of travel. In the 1957 Chrysler, with its new Torsion-Aire Ride, motion has a new "feel". And wait till you toe the throttle. A new Pushbutton TorqueFlite Transmission teams with a mighty airplane-type V-8 engine, developing up to 325 horsepower, to give you a new high-velocity getaway, matchless passing power when you need it.

Come in this week and visit our showrooms. See and drive the most completely new car of the year!

Torsion-Aire Ride pours the road under you!
Try Chrysler's new Torsion-Aire Ride and you'll think some of the laws of gravity, motion and inertia have been suspended in your favor. No more rock and roll. No more pitch when you stop. Chrysler's new torque rod suspension and lower center of gravity give you a brand new ground-skimming "feel" of the road. The wheels ride the contours . . . but you don't. The road just pours under you.

GENE PREWIT MOTORS • Corner SE Avenue A and SE 1st

Being a column in which the publisher just "blows off the steam."

Bulletin to all Employees. Subject: Death of Employee. It has been brought to our attention that many employees are dying and refuse to fall over after they are dead. This must stop!

On and after October 20, 1956, any employee found standing up after he has died will be dropped from the payroll within 90 days. When it can be proved that the employee is being supported by a post, an additional 90 days will be granted. If, after several hours it is noticed that an employee has not moved or changed position, the supervisor will investigate because of the highly sensitive nature of our employees and the close resemblance between death and their natural working attitude. The investigation will be made quietly so as not to disturb the employee if he is only sleeping.

Supervisor's Note: If some doubt exists as to the true condition of the employee, extending a pay envelope is a fine test. If the employee does not reach for it it may be assumed that he is dead. In some cases the instinct is so strongly developed, however, that a spasmodic clutch or reflect may be encountered.

A HAMLIN WOMAN, beginning to worry about her advancing age and failing color of her hair, is reported to have been quizzical, like this:

"Will you love me when my hair is gray?"

She asked him with a sigh. "I've loved you through six other hues."

Then came his quick reply.

THE SLATON SLATONITE has taken notice of the growing apathy in this country about voting, and has these remarks to remark:

Usually less than 60 per cent of eligible voters take part in a presidential election.

The other 40 per cent would rather spend four years griping than 10 minutes voting.

SOMEBODY who had little more to do than check up on a lot of geography comes up with the names of these weather-wise towns:

Frost, Texas; Weathers, Arkansas; Rains, South Carolina; Mist, Oregon; Chilly, Idaho; Hurricane, Alabama; Hail, Kentucky; Snow, Oklahoma; Mud, West Virginia; Cyclone, Missouri.

CONTRIBUTING a thought provoking column to a popular weekly magazine, Rev. A. Purnell Bailey writes:

Get to the root of your trouble if you would rid yourself of it.

A member of our parish tells me of a lesson she learned on the farm when she was a small girl. Her dad would give her chores to do along with her brothers. One of those jobs was hoeing grass in the corn field.

Sometimes, she admitted, she would do a rather shoddy job and would simply cut off the top of the grass.

Her father came along one day and remarked: "Dear, just cutting off the tops means you will have to do it again. Get the grass out by the roots and you'll never have to do it again."

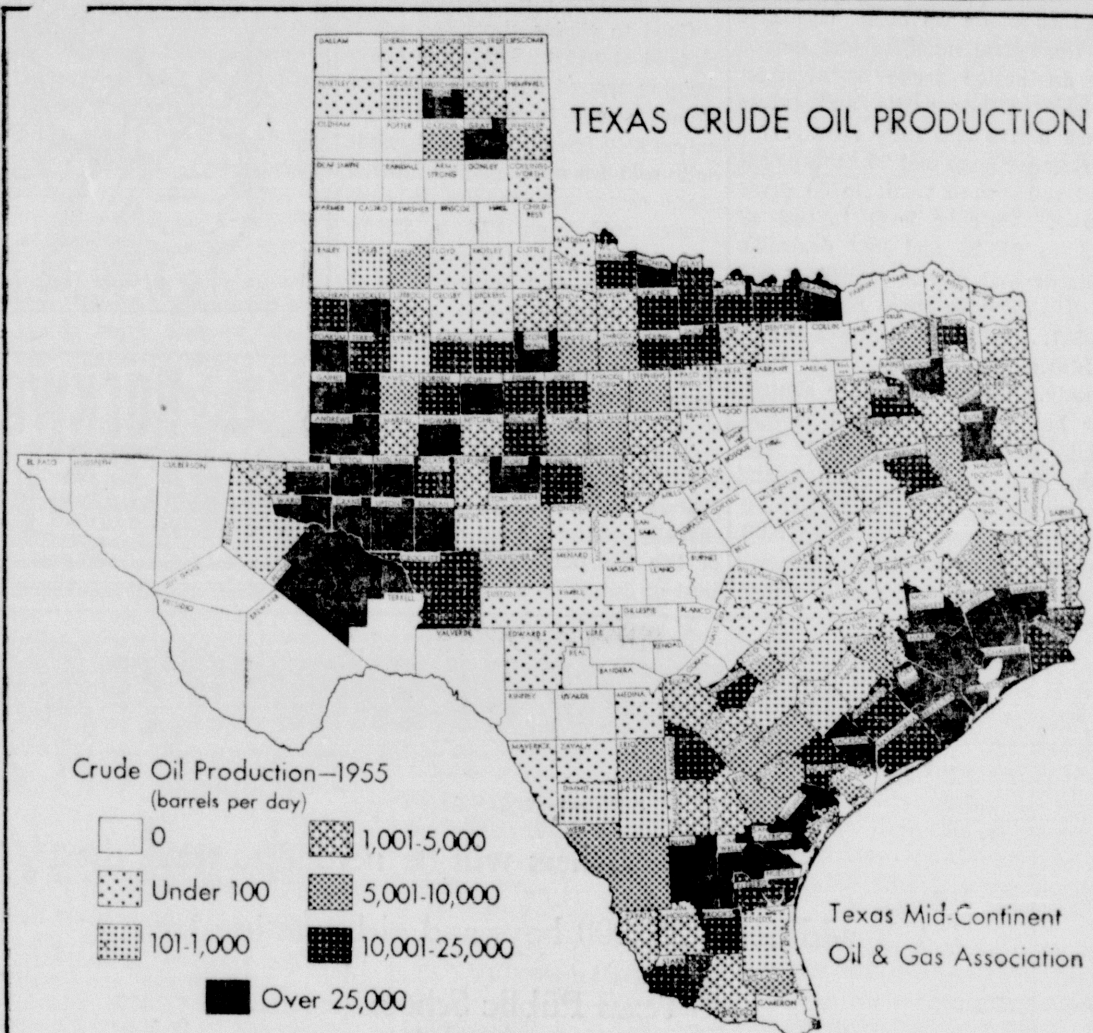

"Now that I'm mature," this friend told me, "I find trouble must be handled like the grass in the corn field. You must get it out by the roots if you would rid yourself of it."

THIS MODERN AGE has recorded many advances for the up-and-coming generations, it is pointed out by a Hamlin sage. For example, he says:

In many a case one of the things today's child learns at his mother's knees is how to dodge cigarette ashes.

A HAMLIN SPOUSE has a most discerning wife. She wants things this way and that way, he declares.

She insists on doing things neatly. A rabbit I'd gladly agree to. If only she weren't so completely determined to teach it to me, too!

OIL PRODUCTION IN JONES, FISHER AND STONEWALL COUNTIES continues to hold up to rank them among the leaders of the state of Texas, according to the map just released (above) by the Texas Mid-Continent Oil & Gas Association. Importance of the revenues from oil and gas are felt in the general economy of the section in which the agricultural revenues have been cut in the recent years of drought.

Addition to Hamlin Hospital Looms as Possibility Again

Loan Company Calls for More Data on Hospital

Prospects of financing the proposed \$60,000 wing to the Hamlin Memorial Hospital loomed bright this week, it was announced by President W. L. Fletcher Jr. of the hospital association, when the loan company through which the hospital has done financing before asked for reopening of negotiations toward making the loan.

Several weeks ago, when plans were submitted for a \$60,000 expansion program, plus assumption of a \$15,000 current indebtedness, the loan company temporarily turned down the \$75,000 loan because of "tight" money conditions. An official of the firm last week-end asked for new data and declared that he thought his concern would now make the loan.

Plans call for the construction of an east wing to the \$125,000 building of the Hamlin Memorial Hospital. The wing would include new offices and clinical equipment and rooms for the doctors who headquarter there. Their present offices would be converted into new patient rooms that would relieve a shortage that exists now during peak periods at the institution, Fletcher declares.

ADDRESSES GOP RALLY—Governor Allan Shivers gestures as he addresses a GOP rally in Nashville, Tennessee, where he accused Adlai Stevenson of "playing politics with the future security of the nation."

MUCH TOO LATE. The second floor tenant called the party living below and shouted, "If you don't stop playing that blasted saxophone, I'll go crazy!" "I guess it's too late," came the reply. "I stopped an hour ago."

Hamlin Young People Collect CROP Gifts Hallowe'en Instead of Treats

Scores of Hamlin young people represented in practically all the churches of the city, were due to celebrate Hallowe'en this year on behalf of others. They were joining more than 30,000 church youth in at least 200 Texas communities in the gesture of friendliness and thoughtfulness. This was announced in Austin by John Gillies, Texas director of the Christian Rural Overseas Program.

The young people were to collect for CROP, instead of "tricks or treats" for themselves. CROP, the food and fiber program of Church World Service (relief agency of 35 Protestant denominations), will use the collected funds to distribute surplus food in 25 world areas of need.

Currently available to Church World Service from government surplus stocks are non-fat powdered milk, cheese, corn, rice and wheat. Surplus food this year can be distributed at a cost of less than a penny a pound—100 pounds for a dollar or one ton for \$20!

Food will go to earthquake victims in Greece, Arab refugees in the Near East (thousands of whom do not have official UN ration cards), flooded areas of India, and refugee centers in Hong Kong, Taiwan and Korea. Other hungry areas in Asia, the Caribbean, Africa and Latin America will receive help.

The Texas "panhandlers" for CROP will be identified. Groups giving their assistance and support to the youth are councils of United Church Women, Texas Christian Youth Council, ministers associations, service clubs and Jaycees. After their canvass the youth will meet together in a traditional Hallowe'en party, made possible by local churches.

CROP shipments of food and fiber are distributed exclusively through missionaries or church agencies overseas, without question as to race, nationality or creed. Texas CROP headquarters are located at 504 West 24th Street in Austin.

Contract Awarded For New East-West FM Area Highway

Another highway construction job in Jones County was put on the active list this week with the awarding of contract, according to a release from the Texas Highway Department.

Contract for the construction of grading, structures, base and surfacing on Farm-to-Market Road 1636 and 1597 in Northeastern Jones County was awarded in Austin, J. C. Roberts, district highway engineer at Abilene, has announced.

The firm of Ned B. Hoffman of Fort Worth submitted the low bid of \$179,278.51 on the project, which runs from U. S. Highway 83 east of U. S. 277 and from FM Road 1193 east to Lueders, a distance of 15.2 miles.

Resident Engineer A. L. McKee of Anson will be in charge of the project for the highway department, and it is estimated that the work will take 110 days to complete.

Duty then is the sublimest word in our language. Do your duty in all things. You cannot do more. You should never wish to do less.—Robert E. Lee.

Better-Than-Usual Interest in Tuesday Election Being Shown

W. L. Fletcher Jr. Renamed Head of Hospital Group

W. L. Fletcher Jr. was reelected president of the Hamlin Memorial Hospital Association at the reorganization meeting of directors following the annual stockholders' meeting Sunday week at the Hamlin High School.

Other officers reelected at the session were: C. E. Gregory, vice president; and J. E. Patterson, secretary.

Financial report made by Secretary-Treasurer J. E. Patterson showed a splendid year of operation just closed. The report included auditing financial statements for the past year. A net capital gain of \$9,658.96 was reported for the year. A condensed financial statement of the hospital is carried on page three of today's Herald.

At the stockholders' meeting Alton Mayfield, M. S. Johnson and Ralph Riddle were reelected as directors. Holdover directors are F. W. Poe, C. E. Gregory, J. E. Patterson, J. C. Turner Jr., Raleigh Reynolds and W. L. Fletcher Jr.

A building committee was named to include Fletcher, Gregory and Johnson.

Reports on progress of the proposed building of an east wing to the hospital was made at the meeting. It was pointed out that hopes of getting started on the addition had been renewed with the reopening of negotiations with the loan company that has previously handled financing for the institution.

Abilene Airman Is Indicted for Rape of Hamlin Girl Oct. 22

Charles Cochran Jr. of Abilene Air Force Base was indicted for rape of a Hamlin girl in action this week by a Fisher County grand jury, and his trial set for the November term of court, according to Sheriff Bus Rollins of Fisher County.

The young airman was charged by parents of a 14-year-old Hamlin girl. The act was alleged to have been committed on the night of Monday, October 22, near the Hamlin West Lake, which is in Fisher County. Cochran was arrested at the Abilene Air Base by Sheriff Rollins on information by Police Chief Buddy Watson.

Another young man was originally charged in the complaint, but he was not indicted by the grand jury.

TEXAS TECH GETS FAMOUS BRAND—Mrs. Floyce Masterson, widow of Tom Masterson, long time director of Texas and Southwestern Cattle Raisers, looks at the imprint of the famous JY brand from the iron applied by Dr. Seymour V. Connor, Texas Tech archivist. The brand and papers of the Masterson JY Ranch were given to the Texas Tech for preservation by Mrs. Masterson. Both she and her husband were students at Tech in the mid-1930s, where they first met.

Pros and Cons of Amendments Given In Quick Run-Down by The Herald

Eight decisions on state policy will be squarely up to the voters of Texas next Tuesday. In addition to party candidates, eight proposed amendments to the state constitution will appear on the general election ballot.

Through a procedural slip-up, a ninth will be considered at a special election on November 13.

Each amendment will be printed on the ballot twice—once preceded by "For" and once by "Against." Voters must mark out the statement they oppose and leave the other clear.

Gist of the amendments and arguments pro and con follows as an explanatory service by The Herald:

1. Authorizes the Legislature to compensate persons fined or imprisoned for crimes they did not commit. Pro: Would make amends for hardships unjustly imposed on the innocent. Con: Might open the door to numerous fraudulent claims.

2. Allows county Commissioners Courts to vary allocations of tax money without special elections. Pro: Greater flexibility would make for greater efficiency in county financial management. Con: Commissioners Courts would have too much authority.

3. Adds other colleges to the building program financed by the University of Texas permanent fund and authorizes investment of the fund in corporate stocks and bonds as well as government bonds. Pro: Would provide an increase in college building money without new taxes. Con: Risk involved in wider investments is not worth the possible return.

4. Increases the benefits of the teacher retirement system. Pro: Would attract more persons to the dwindling profession. Con: Would increase taxpayer obligations by \$4,500,000, take a large nick out of teachers' salaries.

5. Authorizes another \$100,000,000 bond issue for veterans' land buying. Pro: Program has been put in order, and additional money is needed to enable more veterans to participate. Con: Program does not merit public confidence; only about one per cent of Texas veterans have benefited.

6. Provides a different oath of office form for elective and appointive officials. Pro: Would clarify present inconsistencies. Con: Clutters constitution with minor details.

7. Requires competent medical or psychiatric testimony before commitment of a person to a mental institution and allows waiver of jury trial, except in criminal cases. Pro: A mentally ill person should be "convicted" as a criminal. Con: Jury trial is a safeguard against "railroading" of persons into mental institutions.

8. Permits judge to deny bail to persons convicted of two previous felonies. Pro: Would curb habitual criminals. Con: Right of bail is one of our fundamental civil rights.

9. Authorizes the Legislature to give aid with federal assistance to citizens permanently and totally disabled by a mental or physical handicap. Pro: State has a moral obligation to these needy persons. Con: Tie-in with federal program would lead to more federal encroachment.

It takes from 50 to 100 years to produce a tree large enough for lumber.

Parent-Teacher Association Urges Support of Retirement Amendment

Do you want teachers for your children? Ask official of the Hamlin Parent-Teacher Association, in an article submitted to The Herald in the interest of the proposed constitutional amendment to be voted on next Tuesday. The prepared article continues:

Many of you may be startled by the above question. The answer is quite obvious—of course, we want teachers for our children, but it's not that simple. Our public school system, which is 30 years of din America and 102 years old in Texas, has rendered invaluable service. It has provided education for American citizenship, for leaders, and it has been the foundation for the democratic way of life, of which we as American citizens are justly proud.

A million and a half children per year are entering our nation's schools—but what about Texas? The increase of pupils in Texas is about 100,000 per year. At the same time Texas loses 5,000 to 7,000 teachers annually. In the next five years Texas will need more than 28,000 teachers to replace the group leaving each year and 15,000 teachers to teach the additional 300,000 boys and girls who will enter Texas schools within the next five years. Perhaps you are now asking, "Where and how will we get these teachers?" The teaching profession must be strengthened. A teacher must feel security in his position. Many young men teachers who are good

Big 12x28-Inch Ballot Is Five Columns in Width

Better-than-usual interest is being manifested this week in the general election that is scheduled to attract hundreds more people of Jones County to the polls next Tuesday.

No doubt part of the interest in the election is being caused by some of the eight amendments to the Texas constitution that are tacked on the tail of the official candidate ballot. However, the presidential campaign has come in for its share of voter interest in recent weeks.

The ballot is a huge 12x28-inch affair that carries candidates' names in the four columns of the Democratic, Republican, Constitution and Independent parties, and a write-in column completes the bulky vote sheet.

At the bottom of the paper ballot will be the lengthy "for" and "against" descriptions of the eight amendments.

A ninth amendment will be voted on November 13 with a tiny four by seven inch ballot.

Here is the way the ballot will look in the contested races from president through state offices:

President and vice president—Adlai Stevenson and Estes Kefauver, Democratic; Dwight D. Eisenhower and Richard Nixon, Republican; Coleman Andrews and Thomas Werdel, Constitution.

Congressman-at-large—Martin Dies, Democratic; Fred Spangler, Constitution; William Bryant, Republican.

Attorney General—Will Wilson, Democratic; Leo Duran, Republican.

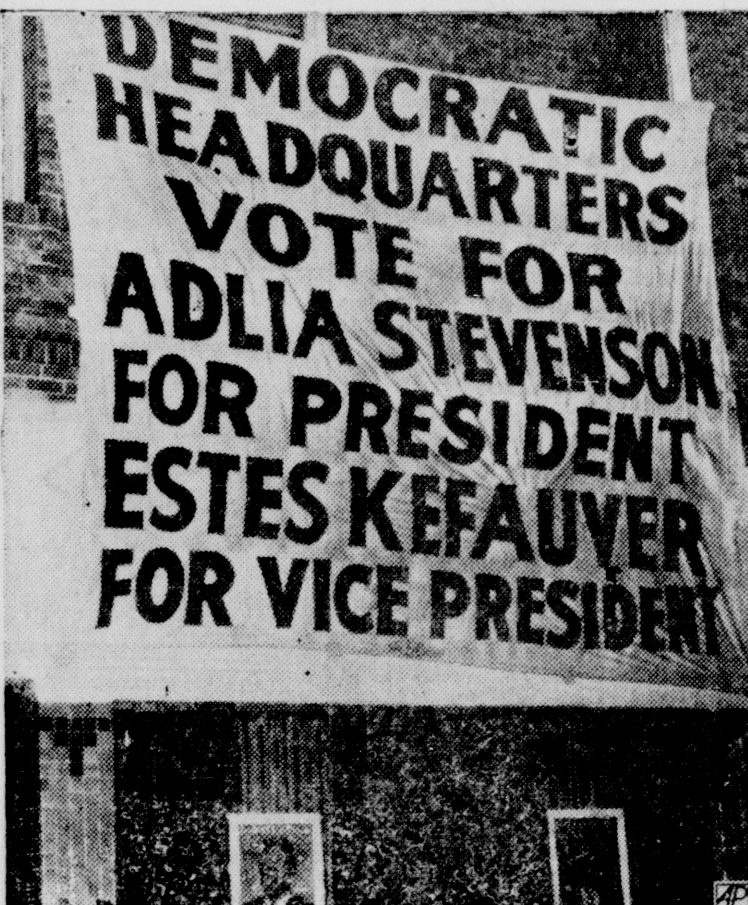

Associate Justice of Supreme Court, Place 1—Robert W. Calvert, Democratic; John Anthony, Constitution.

Railroad Commissioner—William Murray Jr., Democratic; Joseph Rummel, Constitution.

Comptroller of Public Accounts—Robert S. Calvert, Democratic; E. G. Brown, Constitution.

State Treasurer—Jesse James, Democratic; Bard Logan, Constitution.

State commissioner of agriculture—John C. White, Democratic; Samuel Singleton, Republican.

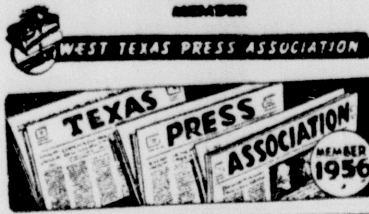

SHAME!—Something went amiss when the sign painter lettered this banner which hangs at the Democratic headquarters in Corpus Christi. All was fine except he spelled the presidential candidate's name wrong—he forgot the "A" came before the "I" in Adlai.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

TWENTY YEARS AGO.

Among news events recorded in the Hamlin community of 20 years ago were the following, reproduced from the issue of The Hamlin Herald dated October 30, 1936:

General election ballots have been received for next Tuesday's election. It is eight columns wide and 22 inches long.

Homemaking department at Hamlin High School has elected officers for the ensuing year as follows: Katherine Gardner, president; Billye Gene Howington, vice president; Mary Lou Bailey, secretary; Callie Jo Bailey, treasurer; and Juanita Flenniken, reporter.

A special train is being run by the Katy Railway to the Dallas Centennial on November 6. Being made up at Rotan, it will pick up children at Rotan, Hamlin, Stamford and Albany. The train will park near the Centennial grounds until Saturday morning, when it will make the return trip.

Mrs. Clarence C. Renfro, 18-year-old Hamlin woman, who was recently seriously injured in an auto wreck, is recovering. She was returned from an Abilene hospital Saturday. Her prematurely born baby is in an incubator at the hospital.

Members of the junior class of Hamlin High School are staging a Halloween Carnival Saturday night.

TEN YEARS AGO.

Happenings in the Hamlin community 10 years ago included the following, reproduced from the issue of The Hamlin Herald dated November 1, 1946:

Cotton farmers of the Hamlin section and elsewhere over the country were stymied this week by the closing of cotton markets of the world, thereby shutting off markets for their cotton. Cotton futures dropped as much as \$10 per bale.

Most of the winter wheat in this region has been drilled in, following ideal weather conditions of the past several weeks. An estimated 10,000 acres in the section has been seeded.

Hamlin Future Farmers of America boys last week took a major share of the awards at the annual Stamford Livestock Show. Elton Brigham's Jersey topped the show for the grand championship.

Opening of the new Hamlin-McCauley highway all the way to the Santa Fe overpass a mile south of Hamlin signalled the opening of a new segment of good highway system for the area.

FIVE YEARS AGO.

Among news items of interest in the Hamlin community five years ago were the following, reprinted from the issue of The Hamlin Herald dated November 2, 1951:

Showers this week measured 1.88 inches, according to the government weather reporter, Bill Rountree. The rain, long overdue, will put needed moisture in the ground that will benefit wheat for the winter.

W. S. Morton, rancher living nearby, and Mrs. Don Loving sustained painful burns Monday afternoon while trying to recover household effects from the Loving home that was completely destroyed by fire.

Through Wednesday cotton ginnings at Hamlin totaled 3,195 bales for the season.

C. L. Howard, Hamlin druggist, paid off a coffee wager to Gene Sanders, manager of the Safeway store, this week, when his daughter, Debra Sue, arrived two days before a daughter for the Sanders.

Hamlin's population showed a gain of five to make it 3,569 when official census figures were released this week by the Census Department. Anson's total was 2,708.

ONE YEAR AGO.

News items of interest in the Hamlin community one year ago included the following, reprinted from the issue of The Hamlin Herald dated November 4, 1955:

Experiments with salt water on the streets of Hamlin is proving successful, declare city officials.

Hamlin FFA boys are expected to offer stiff competition in the district contests for area youngsters November 5 at Abilene, say the local instructors, T. C. Blankinship and Harold V. Eades.

First annual flower show of the Hamlin Garden Club, staged Saturday at the high school cafeteria, attracted scores of Hamlin community people. The club unit plans to make the show an annual affair.

Lower Prices for Livestock Highlight Market at Fort Worth First of Week

Fed steers and yearlings were slow and weak at Fort Worth again Monday, most bids being around 50 cents or more lower, according to the weekly market report of Ted Gouldy, special reporter for The Herald. His release continues:

Cows made up about one-third of the cattle numbers and moved in an active trade at stronger prices. Other cattle and calves were active and fully steady.

Butcher hogs sold 25 cents lower and sows were weak to 50 cents lower. Butcher hogs topped at \$15 to \$15.25 and less desirable weights and grades cashed at \$11 to \$14.75, with some pigs at \$10 to \$11. Sows sold from \$12 to \$14.

Sheep and lambs were fully steady. Good and choice slaughter lambs sold from \$18 to \$20, while cull to medium sorts sold from \$10 to \$17. Stocker and feeder lambs drew \$13 to \$17.

Fat ewes sold from \$5 to \$5.50, and others cashed at \$3 to \$5 with the lower end of the price range

on fresh shorn kinds. Old wethers drew \$8 to \$12.

Good and choice slaughter steers and yearlings drew \$16 to \$23.50 and common and medium offerings sold from \$10 to \$16. Fat cows cashed at \$10 to \$12.50, and canners and cutters drew \$6.50 to \$10. Bulls sold from \$8 to \$12, a few higher.

Good to choice slaughter calves cleared at \$14 to \$18, some heavy weights around 600 pounds to \$19. Common and medium slaughter calves sold from \$10 to \$14, while culls sold from \$8 to \$9. Stocker steer calves of medium to good grades sold from \$14 to \$18.50, and steer yearlings of medium to good grades sold from \$13.50 to \$17.50. Stocker cows cashed at \$7 to \$9.50. Stocker heifers and heifer calves averaged \$2 to \$3 under similar stocker steer calves.

There is no mean work save that which is sordidly selfish; no irreligious work, save that which is morally wrong; in every sphere of life the post of honor is the post of duty.—E. H. Chapin.

Dee Davis Arrested For Liquor Possession

Dee Davis, Hamlin colored man who has been arrested several times previously on liquor possession charges, was taken in a raid conducted Saturday night by Sheriff Dave Reves. He had in his possession two points of whiskey.

Davis is awaiting trial in Jones County court at Anson.

Many a man who wins a girl's hand later find himself under her thumb.

KNOW YOUR CANDIDATES AND VOTE NOVEMBER 6

Almost all eligible voters in Russia and other socialist countries cast their ballot on election day despite the fact that they have no choice of candidates. In this country, where we are proud of our freedom, few more than 60 per cent of the people take the trouble to go to the polls on election day.

Russia is a dictatorship; we in the United States are not only free to vote, but free to choose our candidates. Some people in this country urge the Russian compulsory voting system as an answer to our decreasing interest in good citizenship. They forget that it is a short step from compulsion in voting to dictation of the voter's choice.

At the same time, all of us should be concerned at the decline in interest in the affairs of government evidenced by the neglect by so many folks of their voting privilege.

Good government can come only as the majority choice of candidates is based on widespread knowledge of and interest in both the candidates and the issues involved. Machine politics thrives on voter apathy and uninformed voters. The demonstrated evils of corrupt political machines have often been the forerunner of various forms of dictatorship in other countries.

The socialism of Europe made its greatest progress during the periods of voter indifference to candidates and the policies they advocated.

The socialist planners then, as in this country today, fostered class hatred and appealed to selfish motives with the promise that government could solve all economic problems.

In the current campaign there are many opportunities for voters to choose between candidates with varying degrees of competence and who support widely differing policies. Judging from public statements already made there are many candidates who would favor policies that would socialize agriculture through price fixing or by placing farmers on the government payroll.

There is a wide difference between the party platforms and between the statements of candidates within the two major parties on several issues dealing with the extension of federal government control of individuals. No citizen needs be uninformed or confused in voting. The record is clear for all who will take the time to listen or read.

Voting is more than an obligation—it is a thrilling and challenging opportunity for those who study the issues and the candidates. Take time to know the candidates and the issues, and be sure to show at the polls on November 6.

Teachers Need Retirement

Some Texas teachers retired under the state's present teacher retirement program receive pension payments of only \$20.87 per month. Some teachers now in the classroom but facing retirement within a few years can look forward under the present program to pensions of not more than \$50 a month. Either amount, in this day of high prices, is a pittance.

The reason for this penuriousness is that the retirement plan is based on the concepts of a day long past. Even in 1937, when the program was adopted, it was a modest one. It remains one of the few pension plans that has not been changed, updated and improved. Low earnings of teachers during the depression years are reflected in the low benefits received by a teacher retiring today. Teachers compelled to quit because of physical disability before they have the years and the service required to qualify for pensions are entitled to nothing under the existing plan.

The liberalization of this inadequate retirement system is the objective of one of the constitutional amendments that will be on the November 6 ballot in Texas. The new plan, for which enabling legislation already has already been passed, provides for the teachers to contribute a larger part of their pay toward the fund for their retirement, and for the state to match this increased amount. This tentative law provides a minimum benefit of \$100 a month for the teacher who retires at age 60 after 20 years of creditable service or at age 65 after 10 years of creditable service. Lesser benefits are provided for those who retire at 55 after 15 years of service or at any age after 30 years of service. Lesser benefits also are provided for other school employees than teachers. Likewise, the amount received by those already retired would be increased.

Few teachers reach retirement age without having someone dependent upon them. The new plan would provide death benefits and payments to survivors—something the present system does not include.

All this will the state money, just as it will cost the teachers money. The estimate is that the immediate cost to the state will be some \$4,500,000 a year. As the number of teachers increases, the contribution required of the state will increase.

We believe it is worth it. Like all states, Texas has the problem of recruiting more and more teachers and building more and more classrooms to take care of the swelling school population.—Fort Worth Star-Telegram.

People's Capitalism!

More and more Americans are putting a part of their savings in shares in our corporations—and the trend is particularly marked among people of modest means, and in the smaller communities of the country.

These are highlights from the New York Stock Exchange's new 1956 census of share-owners, based on a nation-wide study of 4,600 corporations and a survey of the adult population.

In the past four years the number of people owning shares in those corporations has jumped 33 per cent, to a total of 8,630,000. Two-thirds of the share-owners have incomes of less than \$7,500 a year. Women outnumber men share-owners by a narrow margin. The greatest growth in share-ownership has taken place in communities with populations of from 2,500 to 25,000.

A particularly significant fact is that the median income of today's share-owner is \$6,200, as against \$7,100 in 1952. Families in modest circumstances clearly have a very different attitude toward stock than did their equivalents in past times.

Keith Funston, president of the exchange, said: "The nation can take tremendous satisfaction in the great progress made in the last few years in broadening share-ownership and creating a 'people's capitalism.' This provides excellent evidence to send abroad about the real meaning of the most successful economic system ever devised." If the news ever reaches the oppressed, poverty-stricken masses in the Iron Curtain countries, the dictators will have something to worry about.

Things Haven't Changed

"Let us beware of being lulled into a dangerous security; and of being weakened by internal contentions and divisions; of neglect in military exercises and discipline, and in providing store of arms and munitions of war; for the expenses required to prevent a war are much lighter than those that will, if not prevented, be necessary to maintain it."

These words could have been spoken yesterday. Actually they are the words of Benjamin Franklin, and they were uttered in the year 1784. In all the intervening years man has accomplished many things, but as yet he has not discovered how to live with his fellow man.

The best way to get rid of worries is to let them die of neglect.

WILL THERE BE ENOUGH TEACHERS?

15,000 teachers will be needed to teach the additional 350,000 boys and girls coming into Texas Public Schools within 5 years

1936-37 SCHOOL ENROLLMENT
1,814,000

1960-61 SCHOOL ENROLLMENT
2,165,000

You CAN HELP

solve this problem by endorsing a teacher retirement program particularly designed to

ATTRACT and HOLD
well qualified teachers

• In addition, more than 28,000 other teachers will be needed to replace those now leaving our classrooms at the rate of 5,000 to 7,000 a year

Eighth-Three Elementary Students Make Honor Roll for First Six-Weeks

Forty-nine students of the fifth grade made the first six-week honor roll of the Hamlin Elementary School, released this week by Odan Murphree, principal. Thirty-four from the fourth grade made the honored list.

The complete honor roll as released by Miss Murphree follows:

Fourth Grade: All As—Connie Jo Duncan, Paula Kim, Margaret Benfro, Gary Cauble, Holman Jones, Mike Shivers, Jackie Townley, Mary Ann Elkins, Mary Margaret Turner, Marolyn Reynolds, Carolyn Reynolds, Mary Lois Peterson, Christy Wallace, Stanley Smith, Nancy Ford, Elizabeth Cunningham, David Drummond, Beverly Robertson and Johnny Coleman. All As and Bs—Carol Cook, Teresa Martinez, Larry Don Egan, Allen Cumble, Melba Scott, Clifford Sharer, Royce Stone, Lennie Foster, Pat Batchelor, Herman Daniel, Michael Sappington, Larry Farnsworth, Linda Scott, George Smith and Jimmy Wainscott.

Fifth Grade: All As—Jaylon Finearnon, Jimmy Inzer, Diane Ford, Charles Siburt, Joyce Smith,

Jesse Goolsby, Marlene Baize, Dewayne Bundas, Cherry Criswell, Barbara Embrey, Shirley Farnsworth, Kathleen Hallmark, Kay McCoy, Cleon Warner, Candace Thompson, Marsha Goodgame, Barbara Lakey and Carson Knabel; all As and Bs—Cheryle Adams, Freddie Shave, Teresa Josey, Lenona Brown, Ann Johnson, Sue Johnson, Lynn Ann Miller, Ronnie Sipe, Nada Hassen, Ginger Kidd, Judy Fitzgerald, Mary Fitzgerald, Gary Ted Jay, Nick Moore, Lynn Ray Sturrock, Larry Butler, Joe Hayes, Rose Lovell, Barbara Neves, Clifton Pritchard, Roy Don Houghton, Tommy Robertson, Phyllis Scarborough, Rita Coker, David Birmingham, Ronnie Teichmann, Portia Long, Polly Jackson, Jeff Willis and Cheryl Brown.

One reason ignorance is bliss is that it's human nature to be prouder of not knowing something than of knowing it.

Another worthy theory is that they're called dog days because they are something that shouldn't happen to a dog.

MISS WOOL—Earlene Whitt (above) of Austin, 20-year-old University of Texas senior, was named Miss Wool at San Angelo at the annual wool pageant last week. The blond beauty received a \$4,000 wardrobe and the job of representing the industry along with the title.

Stamford Man Will Speak at Thursday Gathering of P-TA

John Brown of Stamford, former Parent-Teacher Association president and who is well versed in P-TA work, will be featured speaker when the Hamlin Elementary Parent-Teacher Association meets in regular monthly session this (Thursday) afternoon at 3:45 o'clock at the Primary School cafeteria.

Program topic is "We, the People, Give Thanks for Our Schools." Invocation will be given by Rev. Bill Hanna, pastor of the Church of the Nazarene. Second grade pupils, directed by Mrs. Nash Miers, will furnish the entertainment. Mrs. Gene Prewitt will give the thought for the day.

This is an outstanding program, declare P-TA officials, and all parents and teachers are invited to attend.

A nursery is provided for the children by Mrs. J. E. McCoy's Camp Fire Girls group.

Joe Foster Member of UT Scout Fraternity

Joe C. Foster, University of Texas student from Hamlin, is a new member of Alpha Phi Omega, national service fraternity for former Boy Scouts, according to a release from Austin to The Herald.

Foster, a senior mechanical engineering student, is the son of Mr. and Mrs. E. B. Foster, 711 Central Avenue. He is a member of the student chapter of the American Society of Mechanical Engineers.

More People Are Urged to Join GOC Group at Hamlin

More people who are interested in the safety and welfare of their community and country are being urged this week to attend another in a series of training sessions of the Ground Observer Corps, scheduled this (Thursday) evening at the Hamlin fire station.

The recently organized unit of the GOC, designed to cooperate in the national movement for spotting and reporting possible enemy planes, does not have a representative group of citizens, declares James Josey, chairman of the local unit.

Directing the Thursday meeting training course will be Sergeant Alfred Buchalter of the Dallas filter center of the Civil Defense Organization. He will talk and show a film on purposes of the Ground Observer Corps.

Women of the community are asked to participate in the movement along with the men, Josey says. All members of the Hamlin Volunteer Fire Department have volunteered for service in the unit, but more people are needed to train in case of an emergency.

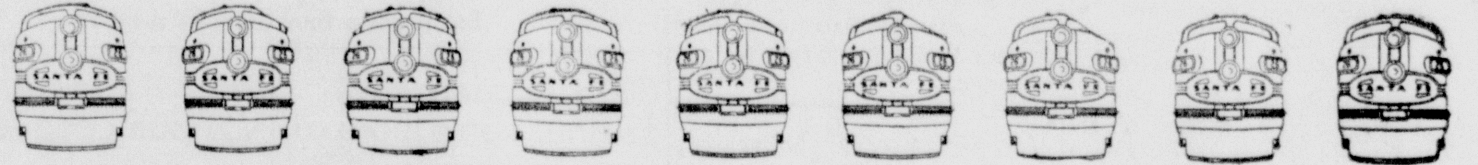

Buchalter said the Hamlin unit will take part in a regional practice "alert" to be conducted by the Dallas area late in November. Imaginary enemy planes will be flown over the entire region, and practice reports will be filed by GOC units over the territory.

A man is planning to swim the English Channel both ways in one day while handcuffed. There must be more pleasant ways of spending a day.

Tex Says He's No Expert But He Believes Ike Is

The other night a bunch of us were sitting around in the drug store after the football game, drinking coffee and talking. You know how it is after a game in a small town, especially after the home team loses. Nearly every man in the crowd had a theory as to why we didn't win the game. Most of them, of course, blamed the coach. I couldn't help remembering that before we consolidated the county schools we didn't even have enough boys to make up a football team. And these same football experts who were saying what Rockne or Bud Wilkinson would have done, up until a few years ago they didn't know a football from a watermelon.

But that's the way it is in a small town (and in big ones, too, I understand). I guess there's no real harm done, although sometimes it's pretty rough on the coach.

I guess we have a right, in this free country, to be self-appointed experts in any line we want to pick out. It seems to me that most people choose either football or politics.

Take this presidential election coming up next Tuesday: During the last few weeks I have heard so many stories and theories from so many different political experts that I nearly got confused some times. I have to stop and think that the fellow who is talking probably doesn't know any more about it than I do, and that helps me keep straightened out.

In fact, I guess I have had my mind made up all along. To make no bones about it, I like Ike. He's a man you can always look up to and respect—the kind of

man you'd be proud to point out to any person, from any country on the face of the globe, and say: "That's our President!"

About Adlai, now, I'm not so sure. Of course, if he was elected, he would be my President, too, and I would hope he'd do a lot better than most people around here seem to think he would. This is something I don't think we need to worry about, because from all I can hear and read, Ike is going to win it again.

It seems to me that if Adlai ever had a chance around here, he threw it away when he came out with that H-bomb business. Now, the folks in our town don't know much about H-bombs, except that they don't want any personal dealings with them. Our scientific knowledge of H-bombs is about on a par with our football knowledge, I reckon. But we do know one thing: We don't want some misguided, inexperienced fellow fooling around with our national defense. When it comes to trusting what Bulganin says or what Eisenhower says, I'll take Ike. So will the rest of the country, if I don't miss my guess.

Just before we broke up the other night Doc Brown came into the drug store, and somebody asked him: "Hey, Doc, how's Ike doing?" (Doc's a big Eisenhower man.) Doc said: "Well, it's a busy campaign for the medical profession. Last week Ike went and got his heart examined; and I understand that this week Adlai is going to get his head examined."

Yours truly,
Tex

(Pol. adv. paid for by Texas Democrats for Eisenhower, Weldon Hart, Director.)

Mrs. Betty Masser of Hamlin Reviews Book at First McCaulley FHA Meet

First meeting of this year's school semester of the McCaulley chapter of the Future Homemakers of America was held Monday night, October 15, in the McCaulley School homemaker cottage.

Officers opened the program with the opening ceremony. Initiation of the new members was then conducted. Wanda Herron presented each new member an FHA pin. New members are Elaine Forbes, Mary Current and Rebecca Harvison.

Highlight of the program was a book review by Mrs. Betty Masser of Hamlin, who reviewed "Poppa's Wife." After the review Babs Henderson expressed the appreciation of FHA girls by presenting Mrs. Masser a gift.

The session adjourned with the closing ceremony. To conclude the evening the guests were served an informal tea. Wanda Smart ladled punch and Frances Hill served cake.

Guests of the evening were mothers and friends of the members.

This year's FHA officers are: Wanda Smart, president; Frances Hill, vice president; Babs Henderson, secretary-treasurer; Pat Griffin, parliamentarian and song leader; Annita Allen, reporter and historian.

Nazarene Youths In Halloween Party

Members of the Young Peoples' Society of the Church of the Nazarene held a masquerade Halloween party Tuesday night in the church annex.

Contest to name the best masqueraders was conducted, and numerous games were played. Refreshments consisted of doughnuts and Halloween punch. A period of devotion climaxed the evening of activity.

Committee in charge of arrangements consisted of Odean Murphree, chairman, Sue Reynolds, Delano McMillan and Nova Hanna.

"Hot Flashes Stopped" or strikingly relieved

In 63-80% of cases in doctors' tests

If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life"—you may be suffering unnecessarily!

For... in tests by doctors... Lydia E. Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proven these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!"

So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "heat waves!"

THESE WOMEN!

By d'Alessio

"Here it is! Not exactly like your mother used to make, but it costs four times as much!"

Club Leaders Get Training on Floors at County Agent's Office

Jones County Home Demonstration Agent Mary Y. Newberry conducted a leader training meeting in her office at Anson on "Floors and Floor Coverings." A floor covering exhibit, including all types of floor coverings, was shown and discussed.

Use of color and design in rugs, different types of backing used in rugs, care of rugs and floor finishes were also discussed.

Samples of oak and pine finished in different ways were shown.

The 14 women who attended the session were Mrs. I. B. Ray, Mrs. J. D. Alford, Mrs. J. A. Mayfield, Mrs. Sam Hodges, Mrs. Ab Hunter Jr., Lou Polnac, Mrs. C. E. Carlton, Mrs. C. H. Young, Mrs. Jim Arnett, Mrs. Gene Lyckman, Mrs. Clinton Rogers, Mrs. Oscar Ekdahl and Mrs. R. D. Ely.

On Memorial Day the flag should be displayed at half mast from sunrise to noon and at full mast from noon to sunset.

Eggs Adapted for Various Uses as Food

Eggs are available in various grades and sizes in most markets. Jones County Home Demonstration Agent Mary Y. Newberry says highest grades A and AA are ideal for cooking in the shell, for frying or poaching. The lower grades may be used for scrambling or used in cooked products.

The shell color may vary from white to deep brown. This does not make any difference in the flavor, food value or cooking performance of the egg.

Never absent from your post, never off guard, never ill-humored, never unready to work for God—is obedience; being "faithful" over a few things.—Mary B. Eddy.

Program on Poetry Given at Meeting of Beta Theta Chapter

A program on poetry was presented by Mrs. Gerald Young when members of the Beta Theta chapter of Beta Sigma Phi met in the regular meeting Tuesday afternoon in the home of Mrs. Wilson Brannon.

Mrs. Brad Rowland Jr. presided over the business meeting. It was decided that the Beta Theta chapter would invite members of the Xi Gamma Pi exemplar chapter to the pledge dinner in honor of the four new pledges, Mrs. W. P. Foster, Mrs. Duane Stallcup, Mrs. Mac Fullerton and Mrs. R. L. McClung.

It was also decided the sorority would order three dozen boxes of correspondence notes to be sold as a money making project.

A donation was sent to the Crippled Children's Foundation of Texas, one of the sorority's projects for the year.

There were 16 members and pledges present for the Tuesday session.

Next meeting of the group will be November 7 in the home of Mrs. Arlie Cassie.

Double Milk Serves Increase Calcium

An easy, economical way to increase the calcium intake of your family, declares Mary Y. Newberry, Jones County home demonstration agent, is by using "double milk."

For example, add four tablespoons of dry milk to one cup of fluid milk for a delicious, cool, refreshing "double milk" beverage.

Your favorite fruit or flavoring may be added to this. For variety of flavors, try molasses, maple, spice or honey.

The Herald has rubber stamps.

Many Innovations, Including Added Saratoga, to Feature New Chryslers

Chryslers for 1957, featuring new road-hugging design with floors and seats dropped, allowing roofs to be lowered as much as five inches, were announced this week. They went on display Tuesday at Chrysler dealerships from coast to coast. Showing at Hamlin is at Prewitt Motors.

Combining such innovations as twin headlights, three-speed push-button torque-flite transmission, and a revolutionary new torsion-rod suspension, the 1957 Chryslers are offered in the New Yorker and Windsor series, plus an all-new Saratoga series in the middle price range.

"In setting out to create the most glamorous cars in a generation, we have advanced forward look styling by creating a car with the motion feeling of a poised sail," said E. C. Quinn, president of the Chrysler division.

"The 1957 Chryslers are new from tire treads up. They bring to the motoring public smoother riding 14-inch wheels, recessed lift-and-pull safety door openers, a combined heater-air conditioner, and up to 40 per cent larger windshields."

Three new V-8 engines—a more powerful firepower V-8 in the New Yorker series, a new spitfire V-8 in the Saratoga series and a new improved spitfire V-8 in the Windsor series—offer higher performance and increased economy.

For 1957 Chrysler also introduces improved full-time coaxial power steering, lower pressure tires, deep-section safety steering wheel, aluminum framed window openings on sedans, and improved total contact center-plane brakes, which, Chrysler engineering tests show, have the longest life of any brake yet developed.

The revolutionary torsion-rod

suspension system is smoother riding, quieter and gives greater body stability at higher speeds. Torsion bars, which replace coil springs in the front end, provide new ride control. New, lower control arms, complete rubber isolation and a new front sway bar all contribute to elimination of brake "dip" and give the car the flat-cornering comfort and safer steering control of a sports car. An adjustment screw in the new torsion bar suspension system makes adjustment of the car's front end height a simple operation.

BEAUTY SHOP OPENING.

Mrs. Myrtle Copeland, owner of Myrtle's Beauty Shop, which has been undergoing remodeling and enlarging for several weeks on South Central Avenue, announces that the shop will be open for business this week-end.

It is doubtful if anything is more educational than living in this implausible world.

Xi Gamma Pi Meets In Carlton Home

Mrs. W. T. Johnson presented a program no "Exercises in Thought" when members of the Xi Gamma Pi sorority met last Thursday in the home of Mrs. Weldon Carlton.

The social committee reported that they would join the Beta Sigma Phi November 17 in having a dinner honoring the new pledges in Beta Sigma Phi. The husbands are to be guests of the members.

Next meeting of the Xi Gamma Pi group will be with Mrs. Jerry Waggoner.

It is wondered why a statistician is surprised to find there are more cars than kitchen sinks in the United States. Nobody can ride in a kitchen sink.

Pearlie V. Smith Buried at Neinda After Rites in City

Death claimed Mrs. Pearlie V. Smith, 82-year-old wife of a former Hamlin farmer, Friday morning at Big Spring. Funeral services were conducted Saturday afternoon at the First Methodist Church. Officiating was Rev. D. D. Jones.

Mrs. Smith, who was born October 26, 1874, as Pearlie V. Tabb, at Mount Pleasant, was the daughter of Mr. and Mrs. W. H. Tabb. She married I. M. Wilcoxson on July 4, 1893, and five children were born to this union. Mr. Wilcoxson died in February, 1907. She married W. A. (Bud) Smith in December, 1909, who died in 1935.

She was a member of the Presbyterian Church and the Order of the Eastern Star.

Burial was in the Neinda Cemetery under direction of the Hamlin Funeral Home. Pallbearers were Raleigh Reynolds, M. S. Reynolds, Jess Young, A. G. Smith, John Brown and Bud Renfro.

Survivors include two sons, Vaughn Wilcoxson and Alvis Wilcoxson of Dallas; two daughters, Mrs. R. M. Young of Hamlin and Mrs. Floyd Hallmark of Burney, California; a step-daughter, Mrs. Pearl Smith of Sweetwater; three sisters, Mrs. J. D. Vaughn of Trinity, Mrs. C. A. Moulton of San Gabriel, California, and Mrs. J. F. Coker of Los Angeles, California; four grandchildren and four great-grandchildren.

An acorn was frequently used as a design on Colonial furniture because it was considered a symbol of hospitality.

East is west and west is east on the 180th meridian.

According to Einstein, time is the fourth dimension.

Hamlin Voters Will Ballot at City Hall and Methodist Church

Voters of Hamlin will vote in the usual East Hamlin and West Hamlin boxes Tuesday, however the West Hamlin box will be at a new location.

East Hamlin voters will vote at the city hall. Election Judge Tom Routh reminds voters of the recent change in boundaries of the precinct. All voters of the Hamlin community living east of the Aspermont highway north to the Stonewall County line, all those residing south of the Santa Fe Railway will vote in the East Hamlin box.

West Hamlin voters will vote in the basement of the First Methodist Church. It is announced by Election Judge J. E. Patterson. The precinct includes all voters in the Hamlin community living north of the Santa Fe Railway and west of the Central Avenue and the Aspermont highway north to the Stonewall County line.

The men of action are, after all, only the unconscious instruments of the men of thought.—Heinrich Heine.

On a postman's uniform a red silk star means 15 years of service.

Farm Bureau Asks That Farmers Buy Grain from CCC

Texas Farm Bureau has asked Secretary of Agriculture Benson to permit farmers and ranchers to buy surplus feed grains from the Commodity Credit Corporation at the same rates that now apply only to dealers, point out officials of the Jones County unit.

In a telegram to Benson, TFB President J. Walter Hammond also requested the use of drought relief certificates be permitted as part payment for grain in the same manner now used in the drought roughage program. He also requested that eligible farmers be permitted to use the certificates to buy feed grains from any source.

"There is considerable dissatisfaction and disappointment among the farmers and ranchers regarding the administration procedures for distributing drought relief feed grains,"

At present eligible livestock producers must buy feed grain from dealers. Farmers complain that this makes the price higher, thus nullifying some of the beneficial effects of the federal drought relief program.

Two Hamlin Men Go To National Meeting Of Gypsum Union

Two Hamlin men, employees at the Hamlin plant of Celotex Corporation, attended the eighth international convention of the United Cement, Lime and Gypsum Workers International Union held last week at Buffalo, New York.

Glen Williams of 221 North Central Avenue and S. P. Cox of McCaulley served as delegates representing Local 210 at the meeting.

They were accompanied by Billie Graham, president of Local 74 of Rotan, and John Lawlis, recording secretary of Local 74, also of Rotan.

Cox has served as president of Local 210 for several years and has attended other international conventions, as well as serving as vice president of the district council for many years. Williams is president of District Council 4, which covers Texas, Oklahoma and Arkansas, and has served as recording secretary of Local 210 for the last 10 years.

Following the convention the group toured Niagara Falls and Ontario, Canada.

The average person will readily deny the charge that he is superstitious. Yet he readily admits he believes in hunches.

Monthly Singing Set At Dovie Friday Night

Regular monthly singing of the Dovie community will be staged Friday evening at 7:30 o'clock, it is announced by community leaders.

Several visiting singers are expected for the affair, to which the public is invited. Refreshments will be served to attendants.

Canada is larger than continental United States.

The dahlia is named for the Swedish botanist Dahl.

Tommy West Finishes Army QM School

Private Tommy F. West, 18-year-old son of Mr. and Mrs. Johnny F. West of Route 3, Hamlin, recently was graduated from the general supply entry course at the Army's Quartermaster School, Fort Lee, Virginia.

During the eight-week course West studied administration procedures, stock record control and storage and issue of supplies.

He completed basic training at Fort Chaffee, Arkansas. Young West formerly attended Hamlin High School.

Fisher County Singers To Meet at Sylvester

Singers and song lovers of the section are invited to attend the Fisher County Singing Convention Sunday afternoon at Sylvester Baptist Church, community leaders advise.

Singing will get underway at 2:00 o'clock. The public is invited to attend.

Stamford Bulldogs Come for Crucial Game Friday Night

Big Turn-Out of Fans Expected at Last Home Game

No doubt the toughest football game on the slate of the Hamlin Pied Pipers is scheduled Friday night on the home grid patch when the local crew faces the State Champion Stamford Bulldogs in the last home game of the season. Game time is 7:30 o'clock.

While facing the Bulldogs with little hope of coming away victorious, Coach Truman Nix declares he will field a determined, fighting bunch of Pipers who will let the Stamford lads know they have been to a ball game.

Stamford has 20 straight victories on their belt, which includes the regional and state AA victories last fall. They have this year swept away all opposition they have met so far, including AAA teams from Sweetwater and Brownwood.

The Pipers enter the tilt with four victories, three losses and one tie out of eight engagements.

A near record crowd is expected to witness the fracas Friday night, it being the last home game on the schedule this season.

DISTRICT 4-AA STANDINGS

Stamford and Seymour definitely emerged after last week-end's football play as contenders for the honors of District 4-AA.

With the Hamlin-Seymour conference game, standings took definite shape in the loop ratings, and the order of the season standings was not changed.

The percentages after the week-end tilts looked like this:

Teams—	P.	W.	L.	T.	Pct.
Stamford	8	8	0	0	1.000
Seymour	7	6	1	0	.856
Hamlin	8	4	3	1	.567
Anson	7	3	4	0	.427

Conference Standings.

Teams—	P.	W.	L.	T.	Pct.
Stamford	1	1	0	0	1.000
Seymour	1	1	0	0	1.000
Hamlin	1	0	1	0	.000
Anson	1	0	1	0	.000

Results Last Week.

Stamford 60, Nocona 12.

Seymour 41, Hamlin 12.

Where They Play Friday.

Anson at Levelland.

Stamford at Hamlin.

Seymour at Thomas Jefferson (Dallas).

Stamford and Seymour Win Two Games for Week

With only three more week-ends of play on the slates of District 4-AA teams (only two for Hamlin), three of the teams of the area loop reeled off two games last week-end. Anson was idle. Seymour bopped Hamlin in the only conference melee, and Stamford drubbed the Nocona Indians.

Hamlin's shelling by the Seymour Panthers was worse than anticipated, the strong Seymour lads making it 41 to 12 in a tilt played at Seymour. Halfbacks Larry Martin and Larry Ware led the Seymour attack behind a powerful line. Hamlin racked up 10 first downs to 17 for the host team. However, power was indicated by the 309 yards amassed by Seymour on the ground to only 52 for the Pipers. The Nix-men made 94 yards with six pass completions out of 12 tries, while Seymour lost three yards in completing one of four aeriels. Hamlin lost one fumble in the game and had two passes intercepted.

Stamford's Bulldogs traipsed all over the home griddle Friday night to trounce the Northwest Texas Indians from Nocona to the tune of 60 to 12. Coach Gordon Wood used every player on the Bulldog bench in racking up the top heavy score. Twenty-five first downs made made by Stamford to nine for Nocona. Stamford made 310 yards rushing to 120 for Nocona, but the Indians made 87 yards in the air to only 12 by Stamford in completing seven of 16 tosses.

Tickets for Anson Tilt Next Week on Sale

Tickets for the final football engagement of the Pied Pipers against the Anson Tigers at Anson Friday night of next week are on sale at the Hamlin High School offices and the three downtown drug stores, according to Principal B. V. Newberry.

Only 250 tickets were sent to Hamlin for the game, and Newberry urges early purchase of the ducats, in view of the fact that a big crowd is expected.

Pied Pipers Find Going Rough Against Seymour and Drop Loop Tilt 41 to 12

Hamlin's Pied Pipers found fight and sting in some old rivals when they journeyed Friday night to Seymour and met the Panthers of that balliwick for the first time in several years. They wound up the evening's activities on the short end of a 41 to 12 score.

It was the first District 4-AA melee for both the teams, and the results definitely pitted Seymour against the Stamford Bulldogs for the district title, Anson and Hamlin already having lost a conference game each.

Coach Truman Nix's troopers just could not cope with the fleet Seymour halfbacks, Larry Martin and Larry Ware, fighting behind probably the best line the Pipers have met this season.

Martin marked on the scoreboard first for the Panthers in the initial quarter by driving over from the four-yard spot, but Bill Moss missed the kick try.

Hamlin came right back to tie the count when Quarterback Don Adair passed to End Ed Shields for 22 yards and a marker. The boot try for extra point by Charles Jenkins was no good.

After a first quarter score of 6 to 6, Seymour turned on the steam in the second period and tallied two touchdowns. Martin went over from the six-yard spot and Ware scored on a push from

the one, Bill Moss kicking both the extra points. The score at the half was 20 to 6.

In the third quarter Ware tallied again after intercepting a Hamlin pass on the 20-yard marker and ambling over, and Moss added the extra point.

Again in the third period Martin went over from 11 yards out and Moss again covered.

Hamlin's second touchdown was made when Adair punched over from the five-yard site, and Jenkins again missed the kick.

Final Seymour marker came in the fourth quarter when Howard Gross went over from eight yards away, and Plummer added the extra point.

Mighty Mice Favored in Melee With Rotan

Coach Harry Martin's Mighty Mice of Hamlin Junior High School will be favored to get by the Rotan Juniors without too much difficulty when they meet on the Pied Piper griddle November 13.

Hamlin trounced the Yellowhammers 39 to 7 at Rotan earlier in the year. This game will wind up the regular season for the Hamlin Juniors. Game time will be 7:00 p. m.

Junior High Gridders Continue Hold On Top Conference Spot

Hamlin Junior High's gridders still command the lead of the conference loop in the five-school race after last week's games with a perfect record.

Last week Merkel swamped Rotan 59 to 0 in a tilt played at Merkel. In the first round Rotan had defeated Merkel 27 to 0.

Hamlin tripped Albany 26 to 7 in a melee at Albany. In the first round Hamlin nosed out Albany by a 14 to 7 count.

Anson had an open date last week.

Standings after last week were stacking up like this:

Teams—	P.	W.	L.	Pct.
Hamlin	5	5	0	1.000
Anson	4	3	1	.750
Albany	5	2	3	.400
Merkel	5	1	4	.200
Rotan	5	1	4	.200

Games scheduled for Tuesday night of this week were:

at Hamlin (Hamlin defeated Merkel at Merkel 14 to 0 previously); and Anson at Rotan (Anson defeated Rotan at Anson 26 to 14); and Albany had an open date.

The seven wonders of the modern world are the airplane, radium, antiseptics, antitoxins, x-ray, radio and the telephone.

Whales cannot breath under water.

Juniors Meet Anson Tuesday Night There

Next Tuesday night the Hamlin Junior High School Mighty Mice will seek to nail down the conference crown when they do battle with the Anson Cubs at Anson.

The Hamlin crew edged the Anson lads 21 to 19 in their previous meeting, played at Hamlin. Anson had been favored to win by most of the dopesters.

Both Hamlin and Anson have rolled over all other opposition. Albany, Merkel and Rotan are already out of the race with three or more losses.

Game time will be 7:00 p. m. If Hamlin and Anson tie for the league lead at the end of the

Boosters Urge Fans to Witness Stamford Tilt

Leaders of the Hamlin Pied Pipers Booster Club were urging people of the community to turr out in big numbers Friday night at the last home tilt on the local Hamlin High School football slate.

The booster group, which has been active in maintaining interest in games so far, points out that although the Pipers are the underdogs in Friday night's game, spirit of sportsmanship and glad-handedness for the Stamford team and fans should not let up.

season a play-off game will be staged to determine the championship.

A low-slung beauty with Flight-Sweep style: Sweep-Wing '57 Dodge Custom Royal Lancer 2-Door.

It unleashes a hurricane of power
It breaks through the vibration barrier
It is sweep-wing mastery of motion

SWEPT-WING '57 Dodge

How do you describe a car so daring in concept, so revolutionary in features and advances, so rewarding in beauty and performance?

How do you explain its newness when everything about it is new?

On display today is just such a car—the Sweep-Wing '57 Dodge that steps you into the wonderful world of Autodynamics.

What is this wonderful world of Autodynamics? It is a world where everything is new from road to roof to achieve absolute mastery of motion.

Here's what it does in the Sweep-Wing Dodge:

- It unleashes a hurricane of power from a thundering new aircraft-type Super Red Ram V-8 engine that's a spitfire in action!
- It tames a tornado of torque with a new TorqueFlite Push-Button Drive for the greatest get-away on the road!

- It breaks through the vibration barrier with a revolutionary new rubber-mounted suspension system—Dodge Torsion-Air—that features race car torsion-bars. You ride in a "Realm of Silence," isolated from vibration, noise and road shock.
- It is sweep-wing mastery of motion in a sleek, low-slung beauty barely 4½ feet high that has no equal in the way it corners, handles and rides.

You have never seen, felt or owned any car that compared with this new Sweep-Wing Dodge. See and drive it today . . . now at your Dodge dealer's!

ON DISPLAY TODAY!

Second in Series of Entertainments at School Tuesday

Second in the series of special school entertainment programs arranged through cooperation of local school authorities and Unit School Assemblies this year will be Lenderman's trained animals, which will appear at the high school auditorium next Tuesday morning, November 6, at 8:30 o'clock, according to Principal B. V. Newberry.

The public is invited to attend the programs. Admission will be 10 cents for children and 25 cents for adults.

Lenderman's program is comprised of 12 dogs, a pony and a monkey which make up a troupe of international stars that have appeared throughout the world. Schools from primary through college have all enjoyed this unique trained animal program.

Feature of the Lenderman trained animal program is its educational value in demonstrating an almost unknown method of training animals. The theory and practice as used by the Lenderman is the same as used in Europe by the Spanish cavalry and by the famous Lepstsch school in Paris.

After Quick Tallies Juniors Hold Albany To Win Game 26 to 7

Hamlin Junior High School's Mighty Mice got off to a fast start at Albany last Tuesday night as they scored two quick touchdowns in the opening minutes and had another touchdown nullified by a penalty. The game ended with Hamlin on the long end of a 26 to 7 count.

Albany tallied their lone score early in the second quarter. Hamlin came back to score again in the first half to take a 19 to 7 lead at halftime.

Wesley Cummings took a 30 yard pass from Michael Bond and stumbled 15 yards to a touchdown. Wesley made an excellent catch. Michael Bond scored on a keeper around left end from 18 yards out. Robert Brandon tallied the third touchdown on a line plunge. Jodie Ford added an insurance score in the second half by racing through the left side for four yards and the counter.

Bobby Ellison played a stand-out game on defense for the Mice.

Hippopotamus means "river horse."

This is in complete opposite to the usual training of animals by the use of whip or food.

Jurden Ubben, 72, Passes Wednesday At Big Spring

Final rites for Jurden Ubben, 72-year-old Hamlin area farmer who died last Wednesday in a Big Spring hospital, were conducted Friday afternoon at the Hamlin First Baptist Church, of which he was a member.

Ubben, who had lived in this section for 27 years, had been ill for about three years.

Conducting the services was Rev. Calvin Bailey, pastor of the local church.

Burial was in the Hamlin East Cemetery under direction of the Hamlin Funeral Home. Pallbearers were deacons of the Hamlin church.

Born November 22, 1883, in Germany, he came to this country as a young man. He was the son of Mr. and Mrs. Harm Ubben. He married the former Lily Shindler at Roby in 1920.

Survivors include the widow, Mrs. Lily Ubben of Hamlin; two daughters, Mrs. Herman Treadwell of San Antonio and Mrs. Frances Simon of Fort Worth; two sisters, Mrs. Ralph Myers of Truscott and Mrs. O. R. Burnham of McCaulley.

OLD GUY—Mrs. J. W. Baker of Waco celebrates her one hundredth birthday by cutting a cake presented her by Baylor University. Mrs. Baker is the oldest living graduate of Baylor, having graduated in 1874 as valedictorian of her class. She was born near Navasota in 1856.

Civil Defense Man Says Communists Threaten World

Threat of the Communists to world domination and destruction to North America and particularly of the United States may be more eminent than many people think, declared Sergeant Alfred Buchalter of the Aid Defense Command, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

In charge of organizing and training Ground Observer Corps in eight Central West Texas counties, Sergeant Buchalter pointed out that the Communist threat has grown from 40,000 followers in 1922 to control of more than 800,000,000 people of the world in 1955. The Communists' strength for world control and domination is great, he said, and this country's greatest defense is preparedness. He declared the Ground Observer Corps is a necessary link with the military defenses in being alert to possible danger.

A film entitled "Frontline Freedom" was shown to further emphasize the role of the GOC in the national defense.

Referendum for Cotton Growers Set December 11

Farmers of the Hamlin section, along with those of the rest of the Cotton Belt, will have opportunity again to express their sentiments in connection with cotton acreage controls and the accompanying government parity payments early next month.

U. S. Department of Agriculture has announced the 1957 state acreage allotments for upland cotton, the national allotment for extra long staple cotton, and set December 11 as the date for a referendum on marketing quotas for the 1957 cotton crop.

The total allotments available for distribution in the states were set by the USDA at 17,585,462 acres. The total allotment for Texas was set at 7,547,503 acres, which includes 10,974 acres as Texas' share of the national reserve. The agricultural act of 1956 provides that a national acreage reserve of 100,000 acres be apportioned among states on the basis of the estimated need of each state for additional acreage to establish minimum farm allotments under the act.

The marketing quota for the 1957 crop upland cotton was announced on August 31 as 11,014,492 bales of 500 pounds gross weight. The marketing quota for extra long staple cotton, just announced, is 76,565 bales, and the national acreage allotment was set at 89,357 acres for the 1957 crop.

At least two-thirds of the cotton producers voting in the December 11 referendum must favor the marketing quotas if they are to be effective on the 1957 crop.

Last year Jones County cotton growers disapproved the acreage controls, but the state and nation voted overwhelmingly for the plan.

EISENHOWER
IS A BETTER DEMOCRAT THAN STEVENSON!

TEXAS DEMOCRATS FOR EISENHOWER

You are a free Texan... You can vote any way you like. Regardless of what you may have heard, it is perfectly legal to split your ticket if you want to, just as it is legal to vote the Democratic ticket straight, or the Republican ticket straight. The purpose of the ballot is to determine what the people want. And if you want to vote for Eisenhower and Nixon—then cast the rest of your ballot for the Democratic nominees—that is your privilege. Don't let anyone tell you otherwise! **BY LAW YOUR VOTE MUST BE COUNTED.**

(Pol. Adv.—Paid for by Texas Democrats for Eisenhower, Weldon Hart, Director)

MACARONI-AND-CHEESE

home cooked in 7 minutes

with **KRAFT GRATED** for that through-and-through cheese flavor

IT'S RANGE CHANGE

SALE TIME!

Suddenly you know how modern a range should be—**flame-fast gas ranges alone offer 4 times less fuel cost!**

ONLY WITH EXCITING NEW FEATURES LIKE THESE CAN YOU REALLY COOK MODERN!

Cook-Saver Automatic Tap Burner Control. New flame-fast gas Cook-Saver holds pre-set temperature. Foods won't burn! Makes all your pans automatic!

Built-In Rotisserie. Broil indoors with flame-kissed "barbecue" flavor. Turns out your favorite foods easily and deliciously.

Simmer Flame. On each burner, tiny points of flame make waterless, "vitamin-save" cookery a snap. Unlimited keep-warm and simmer settings.

Automatic Clock-Controlled Oven. Cooks whole meals while homemaker is away... turns oven on and off automatically. Even circulation of heat... use any rack position.

But of course! Smart Southwest Moderns know that cooking with gas is the most economical way to cook. It costs less than 1/4 as much to use as electric cooking. This means: If you can cook on an electric range for \$2.20 a month—you can do the same amount of cooking with gas for less than 55¢ a month. (Or a savings of \$19.80 a year!) What's more, an automatic gas range costs less to buy, less to install, and less to operate and maintain. No wonder smart women say truly modern cooking is cooking with flame-fast gas.

SAFEST COOKING EVER! American Gas Association seal assures reliability. Fire insurance statistics prove gas is safer!

SIZZLING TRADE-INS NOW on your gas or electric range. Cook modern—change today to a new ultra-modern gas range.

Notice of Hearing on Petition to Issue Bonds of Road District No. 1 of Jones County, Texas

The State of Texas, County of Jones:

To the resident qualified electors of Road District No. 1 of Jones County, Texas, who own taxable property in said district and who have duly rendered the same for taxation:

Take notice that a hearing will be had at the courthouse in the City of Anson, Texas, on a petition to the Commissioners Court on the proposition of issuing the bonds of said Road District No. 1 of Jones County, in the principal sum of \$60,000.00, as more particularly set out in the order fixing the hearing as follows:

AN ORDER
Fixing the time and place of hearing on the petition for the issuance of bonds by Road District No. 1 of Jones County, Texas:

Whereas, there came to be considered the petition of C. F. Upshaw and more than 50 other persons, representing themselves to be resident, qualified electors of Road District No. 1 of Jones County, Texas, who own taxable property in said district and who have duly rendered the same for taxation, praying that this Court order an election in Road District No. 1 of Jones County to determine whether or not the bonds of said Road District No. 1 of Jones County, Texas, shall be issued in an amount not to exceed \$60,000.00 bearing interest at a rate not to exceed three and one-half (3½%) per cent per annum, and maturing at such time as may be fixed by the Commissioners Court serially or otherwise in not to exceed fifteen (15) years from date thereof for the purpose of constructing, maintaining and operating paved roads and turnpikes or in aid thereof throughout Road District No. 1 of Jones County, Texas, including particularly the purchase of right-of-way and whether or not taxes shall be levied annually on all taxable property in said Road District sufficient to pay the annual interest on said bonds to provide a sinking fund sufficient to pay the bonds at their maturities.

Whereas, it appears to the Court and is so adjudged that said petition is signed by the required number of qualified electors who own taxable property in Road District No. 1 of Jones County, Texas, and who have duly rendered the same for taxation; and

Whereas, said Road District No. 1 of Jones County, was heretofore created by order of the Commissioners Court, duly entered on the 1st day of April, 1924, which order is of record in the minutes of the Commissioners Court in volume 7 on page 239;

Be it ordered by the Commissioners Court of Jones County, Texas:

1. That a hearing shall be had by this Court at the courthouse in the City of Anson, Texas, on said petition on the 12th day of November, 1956, which date is not less than 15 days nor more than 30 days from the date of this order.

2. The clerk of said Court shall forthwith issue a notice of time and place of hearing which notice shall inform all persons concerned of the time and place of hearing and of their right to appear at such hearing and contend for or protest the ordering of such bond election.

3. That said notice shall state the amount of bonds proposed to be issued and shall describe the District by its number and shall describe the boundaries thereof as contained in the order establishing the District.

4. The clerk shall execute said notice, posting true copies thereof at three public places within said Road District No. 1 of Jones County and one at the courthouse door of the county. Said notice shall be posted at least 10 days prior to the date of hearing. Said notice shall also be published in a newspaper of general circulation in the District if a newspaper is published therein, one time, and at least five days prior to such hearing. If no newspaper is published in said District then such notice shall be published in some newspaper in the county if there be one. The duties herein imposed on the clerk may be performed by the clerk in person or by a deputy.

5. Said hearing shall be conducted under the provisions of Chapter 16, Acts of the First Called Session of the Thirty-Ninth Legislature.

6. The metes and bounds of Road District No. 1 of Jones County, as created by the Commissioners Court on the 1st day of April, 1924, are as follows, to-wit:

Beginning in said Jones County, Texas, at a point in the west boundary line of said Jones County, where the north boundary line of League No. 358 in the name of Goliad County School Land intersects said county line;

Thence in a northeasterly direction and along the north boundary line of said League No. 358 to the northeast corner of said League No. 358, and the northwest corner of League No. 358 in the name of Louis Kratz, continuing in the same direction and along the north boundary line of said League No. 335 to the northeast corner of said League No. 335;

Thence in a northeasterly direction and with the east line of League No. 336 in the name of McMullen & McGloin to the north-

west corner of Survey No. 8 of the G. H. & H. Railway Company Land;

Thence east with the north boundary line of said Survey No. 8 to the southwest corner of Survey No. 7 of the G. H. & H. Railway Company Land;

Thence north with the west boundary line of said survey No. 7 to its northwest corner;

Thence east along the north boundary line of said Section No. 7 to its northeast corner, continuing east along the north lines of Sections Nos. 95, 74, 65, 46 and 37 of the B. B. B. & C. Railway Company Lands and to the northeast corner of said Section No. 37;

Thence south with the east boundary line of said Section No. 37 B. B. B. & C. Railway Company Lands to its southeast corner, continuing south along the east boundary line of Section No. 35 of the B. B. B. & C. Railway Company Lands to a point in the said line and same being the southwest corner of Section No. 13 in Block No. 4 of the H. & T. C. Railway Company Land;

Thence east along the south boundary line of said Section No. 13 to the southeast corner of said Section No. 13 and the northeast corner of Section No. 4 of the H. & T. C. Railway Company Land Block No. 4;

Thence north along the east boundary line of said Section No. 13 to a point in said line, the same being the southwest corner of the J. M. Long Survey No. 3;

Thence east along the south boundary line of said J. M. Long Survey No. 3 to a point in the west boundary line of Section No. 34 of the Deaf and Dumb Asylum Lands, the same being the south east corner of the J. M. Long Survey;

Thence south along the west boundary line of said Section No. 34 of the Deaf and Dumb Asylum Lands to the southwest corner of said Section No. 34, and the northwest corner of Section No. 31 of the said Deaf and Dumb Asylum Lands;

Thence east along the north boundary line of Sections Nos. 51, 50, 49, 48, 47, 46, 45, 44 and 43 of the said Deaf and Dumb Asylum Lands and to the northeast corner of said Section No. 43;

Thence south along the east boundary line of said Section No. 43 to its southeast corner and the northeast corner of Section No. 5 of the Orphan Asylum Lands, continuing south long the east boundary line of said Section No. 5 to the southwest corner of Section No. 21 of the H. & T. C. Railway Company Lands;

Thence east along the south line of said Section No. 21 passing the northwest corner of Survey No. 8 in the name of Rufus Grimes and continuing east with and along the north boundary line of said Rufus Grimes Survey No. 8 to its northeast corner;

Thence south along the east boundary line of said Survey No. 8 to its southeast corner, and same being its most easterly southeast corner and the southwest corner of Survey No. 7 in the name of Mrs. L. Matthews (Louisa Matthews);

Thence east along the south boundary line of the Louisa Matthews Survey No. 7 to its southeast corner and the northeast corner of Mrs. F. M. Smythe Survey No. 3;

Thence south along the east line of said Survey No. 3 in the name of Mrs. F. M. Smythe, and Section No. 2 in the name of Elizabeth C. Miller to a point in said Miller Survey No. 2 opposite and directly west of the southwest corner of the Napoleon Scott Survey No. 15;

Thence east across the C. & M. Railway Company Survey No. 1 to the southwest corner of said Scott Survey No. 15, continuing east and along the south boundary line of said Survey No. 15, and the north boundary line of Survey No. 14 in the name of William Smith to a point on said line the same being the upper southwest corner of Survey No. 214 of the E. T. Railway Company Lands;

Thence north with the west boundary line of said Survey No. 214 to its northwest corner;

Thence east along the north boundary line of said Survey No. 214 to the east boundary line of Jones County, Texas;

Thence north with the east boundary line of Jones County, Texas, and the west boundary line of Shackelford County, Texas, to the northeast corner of said Jones County, Texas;

Thence west with the north boundary line of Jones County, Texas, to the northwest corner of said Jones County;

Thence south with the west boundary line of Jones County, Texas, to the place of beginning; it being the intention to include in the boundaries of this district all of that part of Jones County, Texas lying north of the north boundary line of Road District No. 18-B, Jones County, Texas, and that the north boundary line of said Road District No. 18-B shall be the south boundary line of this district.

Passed and approved this 26th day of October, 1956.—H. G. Andrews Jr., County Judge, Jones County, Texas.

Attest: Gene Spurgin Jr., County Clerk and Ex-Officio Clerk of the Commissioners Court, Jones County, Texas. By Louise Childs Deputy.

Grady F. Sims, 61, Dies Wednesday.

Taken to Healdton

Death came last Wednesday to Grady Franklin Sims, fire chief of Healdton, Oklahoma, in the Hamlin Memorial Hospital. The 61-year-old man had been ill about a year, and had recently been visiting in the home of a daughter in Hamlin, Mrs. Wanda Sewell.

Born March 23, 1895, at Belton, he was the son of Mr. and Mrs. Wiley Sims. He had moved to Healdton as a young man, having resided there for 40 years. He married the former Ruby Hamilton in Bell County. He was a member of the United Pentecostal Church.

The body was taken to Healdton by Hamlin Funeral Home, where funeral services were conducted Saturday afternoon. The pastor of the Healdton Pentecostal Church officiated.

Interment was in the Rose Hill Cemetery at Healdton, Oklahoma. Survivors include the widow, Mrs. Ruby Sims; two sons, Leonard Sims of Oklahoma City and Chester Sims of Perry, Oklahoma; two daughters, Mrs. Bennie Allen of Healdton, Oklahoma, and Mrs. Wanda Sewell of Hamlin; four brothers, Carl Sims of Fort Worth, Texas, Cleo and Alvin Sims all of Oklahoma City; eight grandchildren and eight great-grandchildren.

Seven Colored Men Fined for Gambling

Everybody lost in their gamble with the law last week when seven colored men were arraigned before City Judge O. D. Roland on charges of gambling.

In a raid conducted by Police Chief Buddy Watson and Night Police Jess Miller on the Jitterbug Inn the night of October 13 Pete Goolsby, Bedell Washington, Joe Brown, Murry Butler, Charles Shelton, Leo Williams and Fate Mosely were arrested on gambling charges. Goolsby, owner of the inn, was fined \$50.70, and the other six were fined \$11.70 each.

Marvin Carlton Goes To Principals' Session

Marvin Carlton, Hamlin Junior High School principal, last Wednesday attended an all-day conference at Haskell sponsored by the Oil Belt Principals and Supervisors Association.

Speaker and consultant for the meeting was Dr. Merle Bolton, professor of education at the University of Texas. Dr. Bolton spoke on "What Is the Principal's Role in Curriculum Development?" and "What Is Considered to Be and 'Adequate Elementary Curriculum?'" The session was well attended by principals from this area.

FHA Designated to Handle Freight Rates Adjustments on Feed

Designation of Farmers Home Administration to execute certification forms in connection with reduced freight rates recently worked out between the president and railroad representatives to further assist farmers and stockmen in drouth stricken areas has been announced by Walter T. McKay, the agency's state director.

This revised tariff provides for a reduction of 50 per cent in the freight rate of hay forwarded to destinations due to the drouth and applies only in connection with hay purchases of individuals who are entitled to assistance under the hay and roughage program.

Record Tech Student Body to Be Host at Homecoming Event

Largest Texas Tech student body in history—8,055 strong—will greet exes and friends during the annual homecoming activities Friday and Saturday at Lubbock in which numbers of Hamlin area former students and friends will participate.

The two-day gathering will include a Homecoming Queen coronation and bonfire Friday night downtown parade Saturday morning, Tech-Oklahoma A. & M. football game Saturday afternoon, and Sandwiched between the major events will be numerous reunions and gatherings sponsored by various classes, student organizations and other Tech units.

B. V. Newberry Goes To Principals' Meet

B. V. Newberry, Hamlin High School principal, attended sessions of the annual convention of the Texas Association of Secondary School Principals held last week in San Antonio.

Approximately 525 secondary school principals were in attendance at the sessions, which featured outstanding education leaders in the three-day program. Main address of the convention was given by Dr. A. J. Stoddard of Palos Verdes Estates California, a retired school administrator with 50 years of school service.

Going with Newberry from this area were Pyatt McCollum, principal from Haskell, and James W. Simpson, principal from Stamford.

THE MIGHTY CHRYSLER FOR 1957

Here's the glamorous, low-priced 1957 Chrysler Windsor V-8

Announcing the most glamorous car in a generation!

You never looked or felt as good in anything before!

Other cars have changed models . . . this one changes motoring. Look at its rich, racy lines . . . at the long, low silhouette . . . at the dramatic upswEEP of the rear fenders that plume back from the waist like the wake of a hydroplane. It's a streak of a car with the elegance of the boulevard and the spirit of the speedway.

Get into this car, drive it into traffic or out on the open highway and you enter a new domain of travel. In the 1957 Chrysler, with its new Torsion-Aire Ride, motion has a new "feel". And wait till you toe the throttle. A new Pushbutton TorqueFlite Transmission teams with a mighty airplane-type V-8 engine, developing up to 325 horsepower, to give you a new high-velocity getaway, matchless passing power when you need it.

Come in this week and visit our showrooms. See and drive the most completely new car of the year!

Torsion-Aire Ride pours the road under you!

Try Chrysler's new Torsion-Aire Ride and you'll think some of the laws of gravity, motion and inertia have been suspended in your favor. No more rock and roll. No more pitch when you stop. Chrysler's new torque rod suspension and lower center of gravity give you a brand new ground-skimming "feel" of the road. The wheels ride the contours . . . but you don't. The road just pours under you.
